Man Found Lying Dead At Sydenham

Funeral of Wellington Rut-
tan Was Held Today
from Home to Syden-
ham Cemetery 1938

SYDENHAM, Nov. 28—(Special)—
Wellington Ruttan, 58, who lives
about two miles south of Sydenham
was found dead in the village Sat-
urday night.

Ruttan came to Sydenham early
in the evening. After a shave at a
local shop he went down behind two
houses near the barber shop. The
attention of passers-by was attracted
to the houses. When Arthur Cox in-
vestigated he found Ruttan's lifeless
body with a razor lying near. Cor-
oner Dr. P. V. Helliwell said there was
no need for an inquest.

Deceased is survived by his mother,
Mrs. John Ruttan of Sydenham, one
brother, Fred on the homstead and
two sisters, Mrs. Fred Ellerbeck of
Sydenham and Mrs. Milton Shangrow
of Yarker. The funeral was held to-
day from his late residence to Syd-
enham Cemetery.

on championship five times in his next nine seasons with them.

"We regret that we are forced to dispose of 'Tiny', but we realize it is to his advantage," Ross said. "He's good for at least five more seasons with Detroit, where I am sure he will be very happy. If he remained with us I fear it would be only two years at the most before he would be forced to replace him with the younger Brimsek."

Thompson will report to Manager Jack Adams immediately and probably will relieve rookie Harvey Teno in the Detroit strings Thursday night against the championship Chicago Black Hawks. Ross said that young Brimsek would join his club that same night against Canadiens in Montreal.

BEST COUGH CAN NOW BE M

COSTS BUT FEW CENTS CHILDREN WILL LOVE IT

Mothers do this—make a syrup by dissolving 2 tablespoons of sugar in half a tea-cupful of warm water. Add the contents of one small bottle of Buckley's Cough Mixture and mix well. This will make 3 bottles of the most effective creamy white alkaline cough remedy and you save money. Take a dessert spoonful every half-hour. It's really wonderful

KINGSTON'S BIGGEST

John Ruttan Marks 90th Birthday

In Top Form Despite Age

By Fred B. Pense,
Staff Reporter

Wed.

1952

FOUR SCORE years and 10 and still able to take daily walks of three miles is the proud boast of John Allen Ruttan, 28 Fifth street, who celebrated his 90th birthday Tuesday. A few immediate relatives had afternoon tea with Mr. and Mrs. Ruttan.

Mr. Ruttan enjoys doing his own shopping and says: "I think nothing of going down to the Princess street stores, making my purchases and walking back. I am in good health. I operated my own farm when I was 88 years of age and did some of the plowing as well as the chores."

"We also made maple syrup," his wife added.

Mr. Ruttan, who is a son of the late Mr. and Mrs. William Ruttan, was born on a farm near Yarker.

"I spent the greater part of my life working on the land both as a hired man and a farm owner," he said. "I farmed in South Frederickburg, Ernestown and Harrowsmith. I wore out three binders so you know I must have been doing some farming."

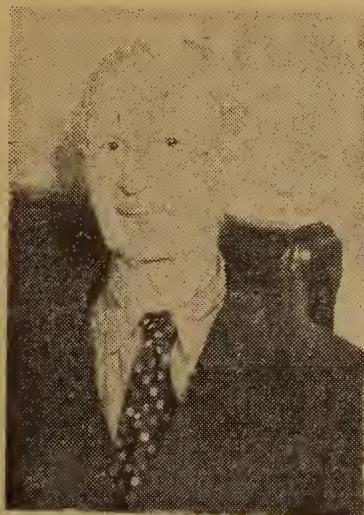

* * *

Speaking of the Kingston market, Mr. Ruttan said he can well remember as a young man driving 50 miles a day with a team of horses and a spring wagon to attend the Kingston market. In those days produce was cheap, he said. Eggs were 10 cents a dozen, butter 20 cents a pound, pork, good quality, 10 cents a pound, and beef from five to eight cents. "I also used to bring grain to the market, carrying as much as 100 bushels in one trip," he added.

"Meals weren't the problem to the farmer when he came then to town that they are now," Mr. Ruttan said. "You could get a good meal for 25 cents and you could buy a meal ticket at Horne's Hotel, which would entitle you to six meals for \$1. Our horses were stabled for 25 cents," he recalled.

* * *

Stage coach days were referred to by Mr. Ruttan. "I operated a stage between Harrowsmith and Kingston for six and a half years,"

JOHN A. RUTTAN

he said. "My stage would carry 20 passengers and a half a ton of freight. Most of the time I used a team of horses. During that period I missed only one trip and that was because the roads were filled with snow. The return fare from Harrowsmith to Kingston was \$1."

Mr. Ruttan in 1883 married Edith Switzer, who died in November, 1921. His second wife is the former Edith Hunt, whom he married in 1924. There are three sons, Frank and Amos of Kingston, and William of Harrowsmith; one daughter, Mrs. Harry Martin, Peterborough.

Says the nonegenarian: "My hearing is good; I read the newspaper without glasses and I really don't feel as old as my years."

Mr. J. Robert Meachen,
1701 Skees Road,
West Palm Beach, Fla. 33406

Dear sir:

This will acknowledge your recent letter, with enclosures. I shall answer as best I can.

I am enclosing your original list of Michael Sloat's members of Loughborough and Portland. I have given you the present day spelling of names. Other doubtful names are unknown to me. I have placed a red mark on those names known to have come from Portland Township.

Shortly after you left Bath, I wrote to Mr. Watt, and obtained an additional copy of Sloat's petition and his list of inhabitants. I, too, put them together by families. It was most revealing to me, as I know a great deal about them already.

I am enclosing my thoughts on the Peter Ruttan, buried in Sydenham in 1838 or 1858. I shall continue in those sentiments until some further proof is obtained. I should like to have your thinking on my beliefs.

There is one very convincing clue which I wish to bring to your attention. It is the name Jemima. I have been dealing with our early families for forty years. I have more than 800 files, dealing with different families, and the only Jemima to be found is that of Jemima Sloat, wife of Peter Ruttan II. Therefore, to my mind, the Peter Ruttan and wife Jemima in the Loughborough census of 1819 are Peter Ruttan II and his wife Jemima, daughter of Michael Sloat. It can be no other way. And Jemima Ruttan, widow, residing with John and Sarah Switzer in 1861, is the widow of Peter II, no matter when he died. Furthermore, it is safe to assume that any child who bears the name Jemima in the census of 1819, is most likely a grandchild of Peter II and Jemima Sloat. Thus, we can show these children, as follows:

Peter Ruttan II--Jemima Sloat

Michael	Sarah	Jane	Rachael	Peter	Henry	John	Larry	Anne
b. 1798	b. 1803	b. 1796	b. 1793	(these children born between 1803 & 1818.)

before 1819		Sarah	William					
		Joseph	Jemima					
Abraham		Maline	Mary					
Christy		Hilborn						
		Jemima						
		Thomas						
		Barney						
		Peter						

My suspicion that Vermilyea's wife, Rachael, was a Ruttan is based of their naming their daughter Jemima. Jane, wife of John Freeman, was positively a

Ruttan. In an article concerning her son Peter W. Freeman, it states that she was born in 1796, and was the granddaughter of Captain Peter Ruttan. To make it more binding, she also had a daughter Jerima. Although I have no data, I suspect that Sarah Switzer also had a daughter Jerima.

no other entries for Peter Jr.

Jannetje Ackerman, wife of Peter I, appears in the census in 1813, but is missing in 1814. She likely died in 1813, which apparently agrees with your conclusion.

I am sorry that we have no xerox machine here, so I shall give you briefly the data on the two Ackerman girls who married Ruttans.

Dr. H.C. Burleigh
P O Box 9
Bath, Ontario

Dear Dr. Burleigh:

We were sad to leave your lovely countryside. The park at Adolphustown was beautiful and we much enjoyed our week there, and our trips to Bath, Picton and Napanee.

Enclosed is a transcript of the 1819 census. Your corrections would be appreciated. Especially bothering me are certain family names which I have transcribed as follows:

Vanluver (I have run into Vanluven, but in this list it appears to be "r")
Orson (On stones at Sydenham is the name "Orser")
Polun
Vanast
Castle
Tuple
Loyns (This is surely written this way. Is the family "Lyons"?)

Should your corrections arrive in time before I have this list published, would you object to my thanking you in print?

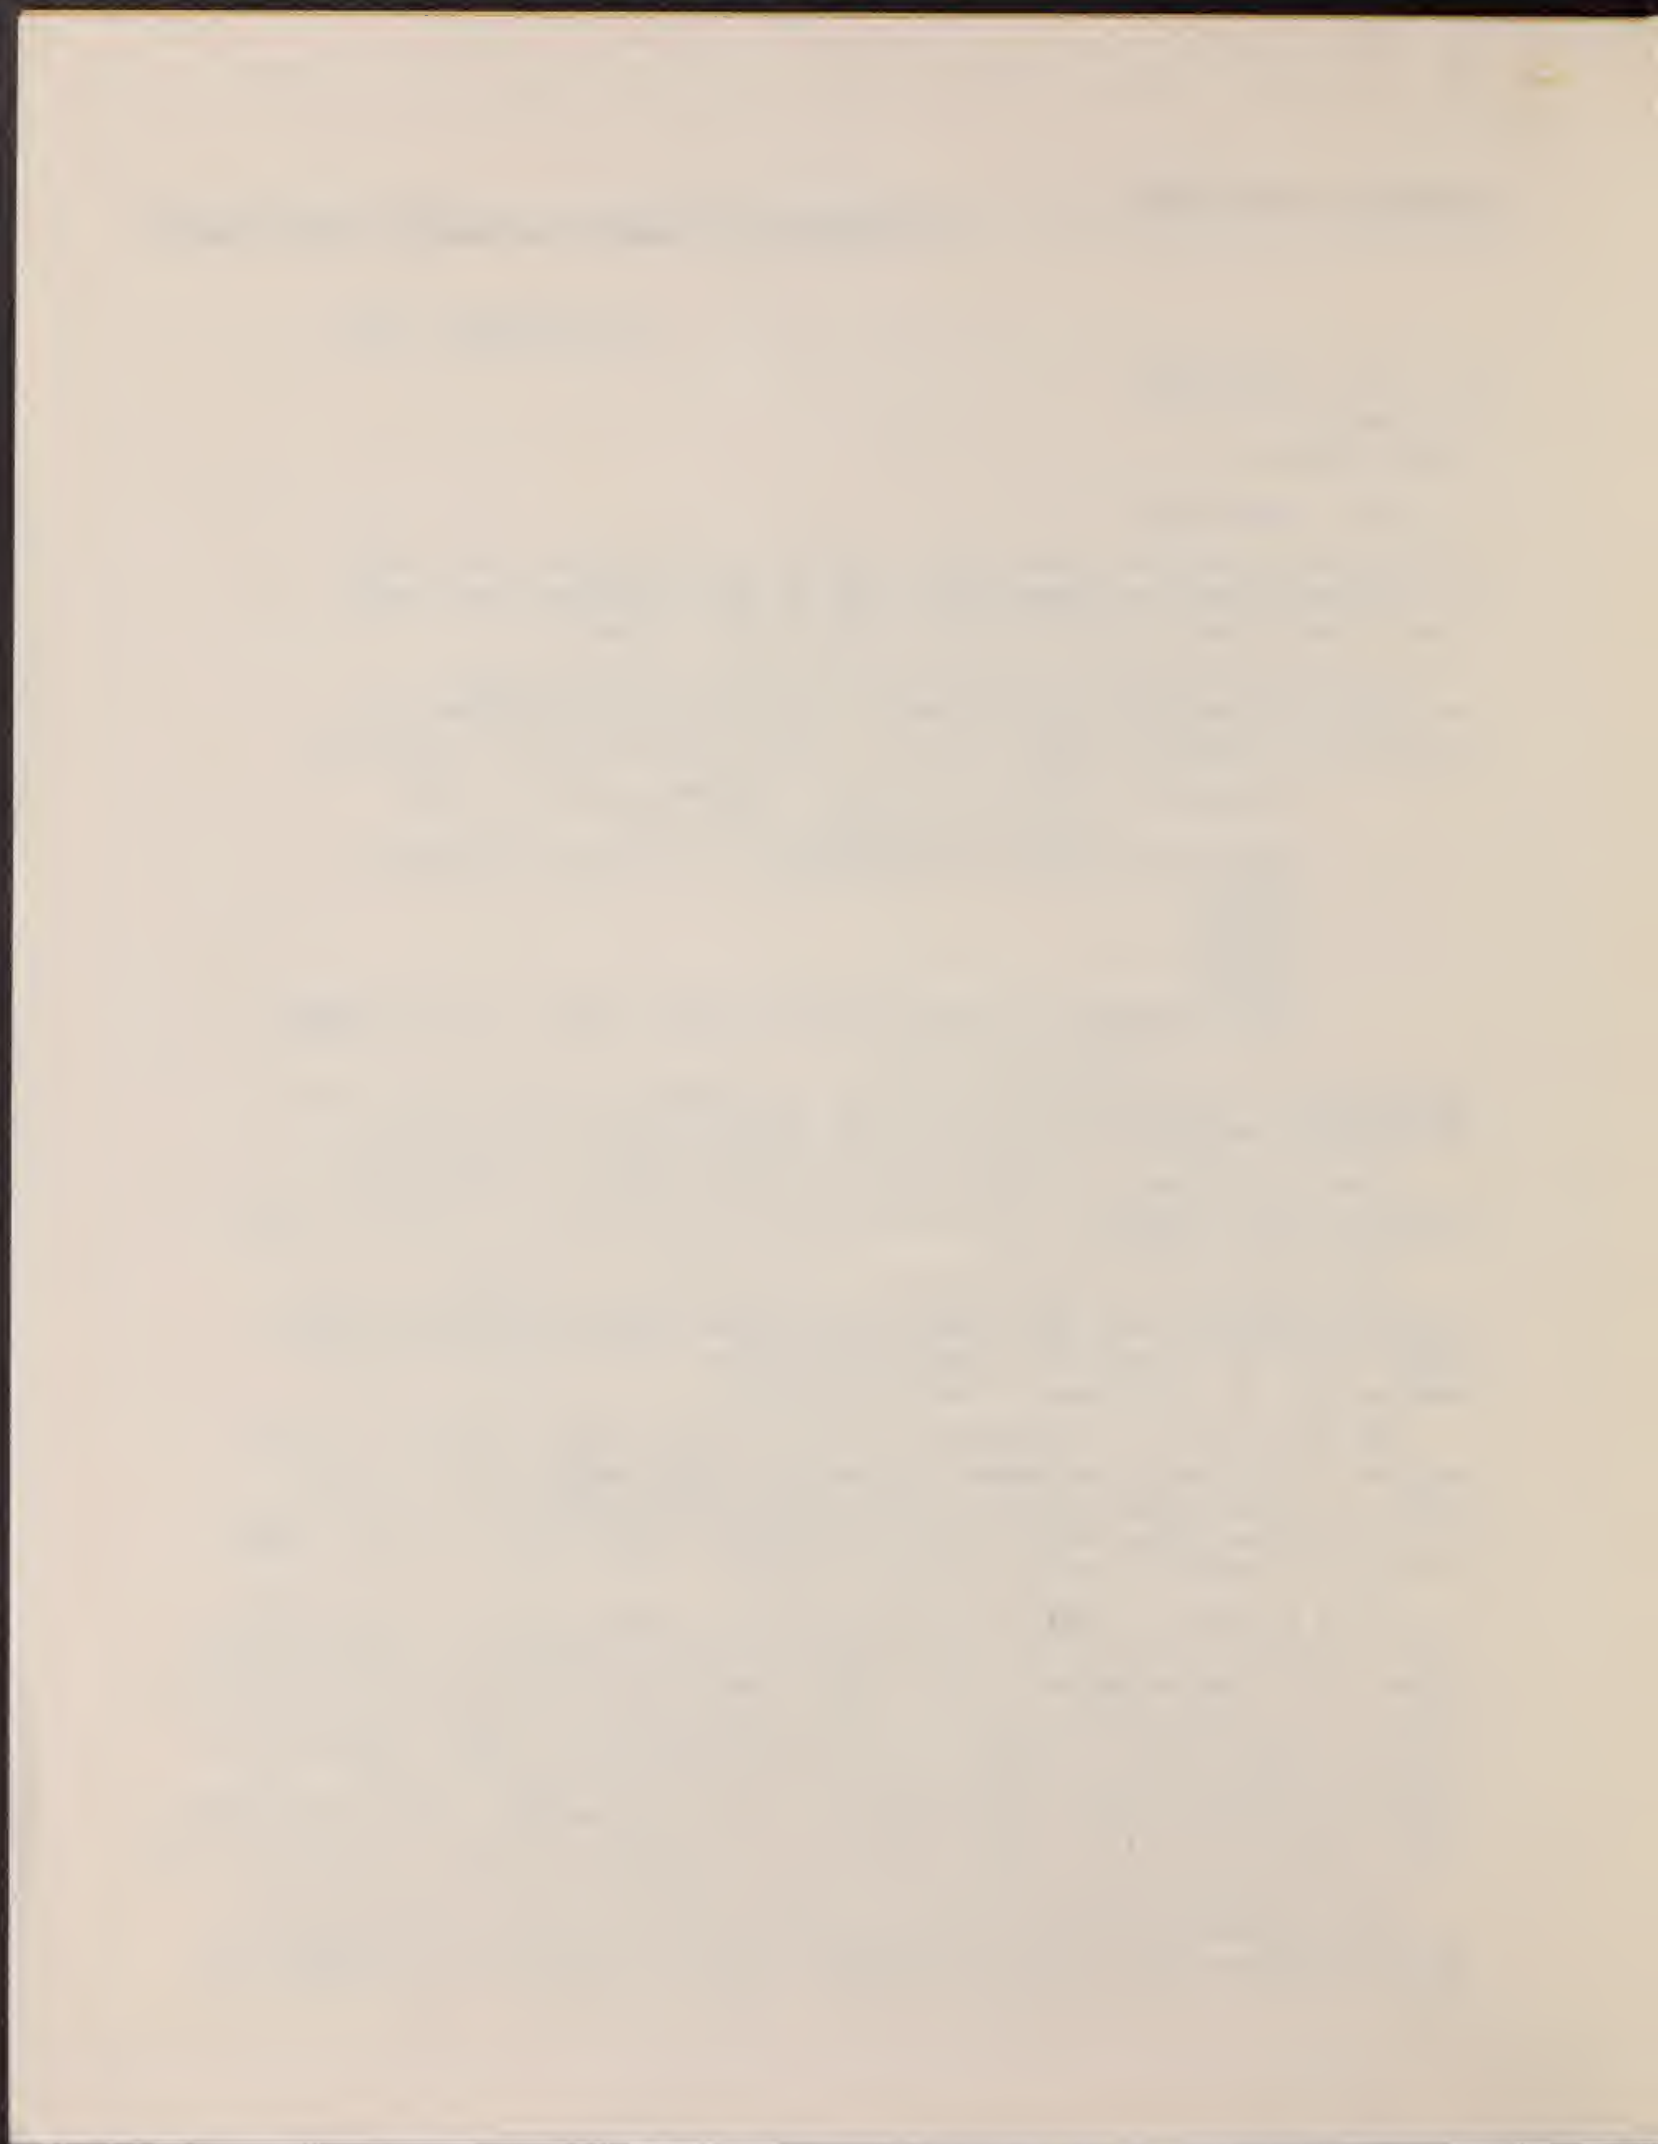

Also enclosed is a seven page list wherein I attempted to correlate the families by the relative positions of family names in the three lists.

You may have to experiment to write on the copies. I use a special marking pen. The copies are poor since I find the copy paper has aged over the summer. The paper is guaranteed for 8 months but it sat here in extreme heat.

We went back to Sydenham, put flour on Peter Ruttan's stone and on a similarly engraved stone and photographed both. Will send you enlargements when we get our dark room set up. There is a "3" on the other stone which indicates that Peter is not 1838, the photo shows it most probably 1858.

Thus Peter d. 1858 at 66 would be b. abt. 1792. By 1819 this Peter would be 26 or 27, old enough to have children. In the 1819 census is a male Peter, and a Peter under 16. We might suspect that Peter Jr. perhaps had died or left Loughborough by 1819 and that the male Peter was the one of the gravestone, b. 1792. However we have petition R113 of RG1 L3 at the Archives dated 27 April 1819 signed by Peter Ruttan Junr. of Tp. of Loughborough. The census was taken early in 1819, since the petition was received 9 February 1819.

As a working hypothesis, we could say that the Peter of the gravestone was not in Loughborough when the census was taken. Are the children with Peter and Jemimy's family group the children of Peter Jr. or the gravestone Peter? There are still a few problems.

I would like very much to hear if you have anything new on this.

As to the death of Jannetje Ackerman, I have deeds from Picton!

Sophsbg, old 269: Capt Peter & wife Jane of Adolphustown
to Matthew Steel of Sophsbg, 1811 oct 2
Hallwll, old 253: Capt Peter to John, 1813 mar 24
" " 255: Capt Peter to David, 1813 mar 25
" " 250: Capt Peter to Abraham of Hallowell, 1813 mar 26

From Napanee:

Adolph, C:292: Peter et ux to Joseph, Con 2 Lots 19 & 20
1811 oct 2 (these probably Peter's homestead.)
" B:54 : Capt Peter to John, Con 2 Lot A 1813 mar 24

From this do we deduce that Jane died between 2 oct 1811 and 24 mar 1813? Could you tell me what you have on this? Also would it be possible for you to give me the data from the Ackerman sheets you showed me, and the name and address of the Ackerman in Buffalo?

I have two notebooks of first Ottawa Archives petitions etc., and second deeds, wills etc from Kingston, Picton and Napanee. When I start transcribing it I will send you copies if you desire.

Sincerely,

J R Meachem

Adolphustown Con 2 Lot A is Ruttan Point, later occupied by John, then his sons? Elisha (W 1/2) and Stewart Wilson Ruttan (E 1/2) as shown in the 1878 Atlas. Lot B (Trumpour Point) was originally granted to Michael Sloat who sold it to Paul Trumpour in 1806. The Registrar of Deeds at Napanee did not know where Lots A and B were until I showed it to him. They are not indicated on the 1878 Atlas map(which they use as a reference.)

The first son of Peter II, according to the census of Adolphustown 1794-1822, appears recorded in 1799. This son, I believe, was Michael, named for his grandfather, Michael Sloat (Sloat) 1 54 in 1851, i.e. next birthday, so born in 1798 or 9

WAS PETER RUTTAN BURIED IN 1838 OR 1858?

Peter I was born in 1742, the son of William Ruttan and Maria Demorest.

He married 8 Sep. 1766 Jammetje Ackerman.

He came to Adolphustown in 1784, as a Loyalist, and died there in 1829, according to a plaque in St. Alban's Anglican Church, Adolphustown.

He is shown in the Waldimand Papers in Dec., 1783, as having a son and a daughter, both over 12 years of age.

Peter II, son of the above, was born about 1769-1775. He, evidently, is the son over 12 years of age in Dec., 1783.

He is listed separately in the first settlers of Adolphustown, which indicates that he was over twelve years of age.

He married, in 1790, Jemima, daughter of Michael Slot. If we believe her indicated age in the census of 1861, she was between 13 and 14 years of age at marriage.

Peter II resided in Adolphustown until 1809, when his name disappears from the census of Adolphustown. It is assumed that he removed to Loughborough, to which community his father-in-law had removed in 1807.

He was in Loughborough in 1812, when his daughter, Jane, who had been born in 1796, married John Freeman.

Peter II is recorded, with a family, in the census of Loughborough in 1819, with his wife, Jemima, and several children.

There was no Peter Ruttan listed in the Census of 1851 in Loughborough.

Jemima was listed in the census of 1861, as a widow. Was she also a widow in 1851?

Peter III was son of Peter II, and was under 16 years of age in 1819.

His name appears no more in the census of 1851 and 1861. It is, therefore assumed that he had died, or had left the township.

Peter II's first son appears in the Census of Adolphustown in 1799, likely born in 1798. This son, I believe, was Michael, named Assumptions. for his maternal grandfather, Michael Slot.

The Peter buried in the cemetery in Sydenham could only have been Peter II or Peter III.

If Peter II, then he was about 63 to 69 years of age in 1838, or between 83 and 89 in 1858.

If Peter III, then he was between 19 and 35 in 1838, or between 39 and 55 in 1858.

Until further proof is discovered, to me, the man buried in Sydenham 26 April, 1878, was Peter II. If he was then 66 years of age, he must have been born between 26 April, 1771 and 25 April, 1772.

If this is Peter III, and died in 1858, and born between 1803 and 1819, he was between 38 and 55 years of age, and not 66, as the gravestone states.

If, in some peculiar manner, there were an additional Peter IV, who was son of Peter II, and born between 1791 and 1800, he could have been buried in 1858, aged 66. But, he could not have been the Peter, with wife, Jemima, and eight children by 1819. or could he?

If born in 1791, he was most precocious to have eight children by 1819, at 28 years of age.

CENSUS OF LOUGHEED, 1817

J.R. Meacham, West Palm Beach, Fla.

In doing research on the Rutan family, the writer came upon a census attached to one of the thousands of land petitions filed in the Public Archives of Canada. Peter Rutan Sr., son of Capt. Peter Rutan of A.J., an original settler of Adolphustown in 1734, and his father-in-law Lt. Michael Stook of B.V. left Adolphustown in 1807 to become the original settlers of Lougheed Township just above Kingston, Frontenac County.

This petition, received in Council on 4 February 1819, was by Lt. Stook, and his efforts to obtain the goods of the town were obtained. Possibly to show the present state of the town, a census was attached. Although Lougheed is in the middle of it, it is suspected not much of Portland is included.

It is especially that in indication of their progress obtained by finding the family names in the census, the position in the three categories of the census.

Mr. J. R. Meschak,
1701 Steeles Road,
West Palm Beach,
Florida, 33406.

Dear sir:

I have your two letters of recent date relative to the Luttan family. I found them most interesting, as they added a few details with which I was not familiar. I shall refer to them later in this letter. But, before doing so, I wish to state my thanks for same.

My MS on the family is far from complete. It has been changed many times, as new information keeps coming in from time to time. Then there was the great uncertainty relative to the descendants of Captain Peter. The article in Pioneer Life On The Bay Of Quinte, which you likely have reviewed, has much to be desired. It appears to have been written with information supplied by William's descendants, since it deals so sparingly on the children and grandchildren of Capt. Peter. In fact, it seems to mix the children of Capt. Peter with his son Peter. I have never been sure of the father of Michael, who removed to Loughborough. But, something in your census of 1851, does give a lead. I refer to the fact that Jeremiah Luttan, aged 34, was living in Loughborough with John and Sarah Switzer. This Jeremiah, almost certainly was the wife of Peter, Jr. She was a daughter of Lt. Michael Froot, an early Loyalist settler in Mol-hustown. One must assume that the Michael, who settled in Loughborough, was a son of Peter, Jr., and Jeremiah Froot, and, by the same token, named for his maternal grandfather, Michael Froot.

Two bits of information seem to suggest that Peter, Jr., himself may have removed to Loughborough, namely, the fact that his name disappears from the Mol-hustown census in 1810, as well as the fact that his widow was residing in Loughborough village in 1861, aged 84.

I note your disgust with our Canadian custom by which one must pay for search in Registry Offices for land records. Still, when you consider that this system does give us many details of land transfers, mortgages, wills, etc., it is still a most valuable source of genealogical information. At the same time, one is able to obtain xerox copies of pertinent documents. There are also the Surrogate records, in cases where a person does not own land property, or makes no will. These are also available in an adjacent office.

I never looked into the Loughborough records, as above, simply because I, in my MS, was only dealing with the children and grandchildren of Capt. Peter and his brother William. Where there was no positive proof, as in the case of the Loughborough people, I mentioned that those men mentioned in the census of 1851 were assumed to be children of Michael. Still this might be very wrong, without proof from the wills and other land records.

It was very interesting to note how you are connected with the Loughborough family. It is fascinating to discover how widely our early families are scattered across North America. May I say at this time that I strongly suspect that Mrs. Glassford's ancestor was not a daughter of Captain Peter. I have the idea that she was a daughter of Peter's brother, Jacob. Many of

such statements are only assumptions, and should be labelled so.

Any attempt to find the birthdate of Peter, Jr., must be sought in New Jersey. I find in the Schraalenburgh Church the marriage of Peter Retham and Jantje Ackerman on 8 Sept. 1766. The records of the Evangelical Lutheran Church of Ramapo, N. J. contain the following baptisms of their two daughters:

Maria, baptized 1 March, 1772.

Janhetje, baptized in July, 1775.

I assume that Peter, Jr., was born in 1770, or thereabout, as he was said to be over 12 years of age in a provision list in the fall of 1783, in Sorel. It is difficult to discover where he was baptized. It may have been almost anywhere in the N. J. or lower N. Y. region. So, he could well have been the father of Michael, born in, or about, 1794.

While I think of it, Michael's presumed wife, Mary Mount???? could have been Mountenay, a French name which was found here in the early days.

As you can well understand, I am interested in hearing from you on our common interest. Your offer to forward further items from census records is appreciated.

Yours sincerely,

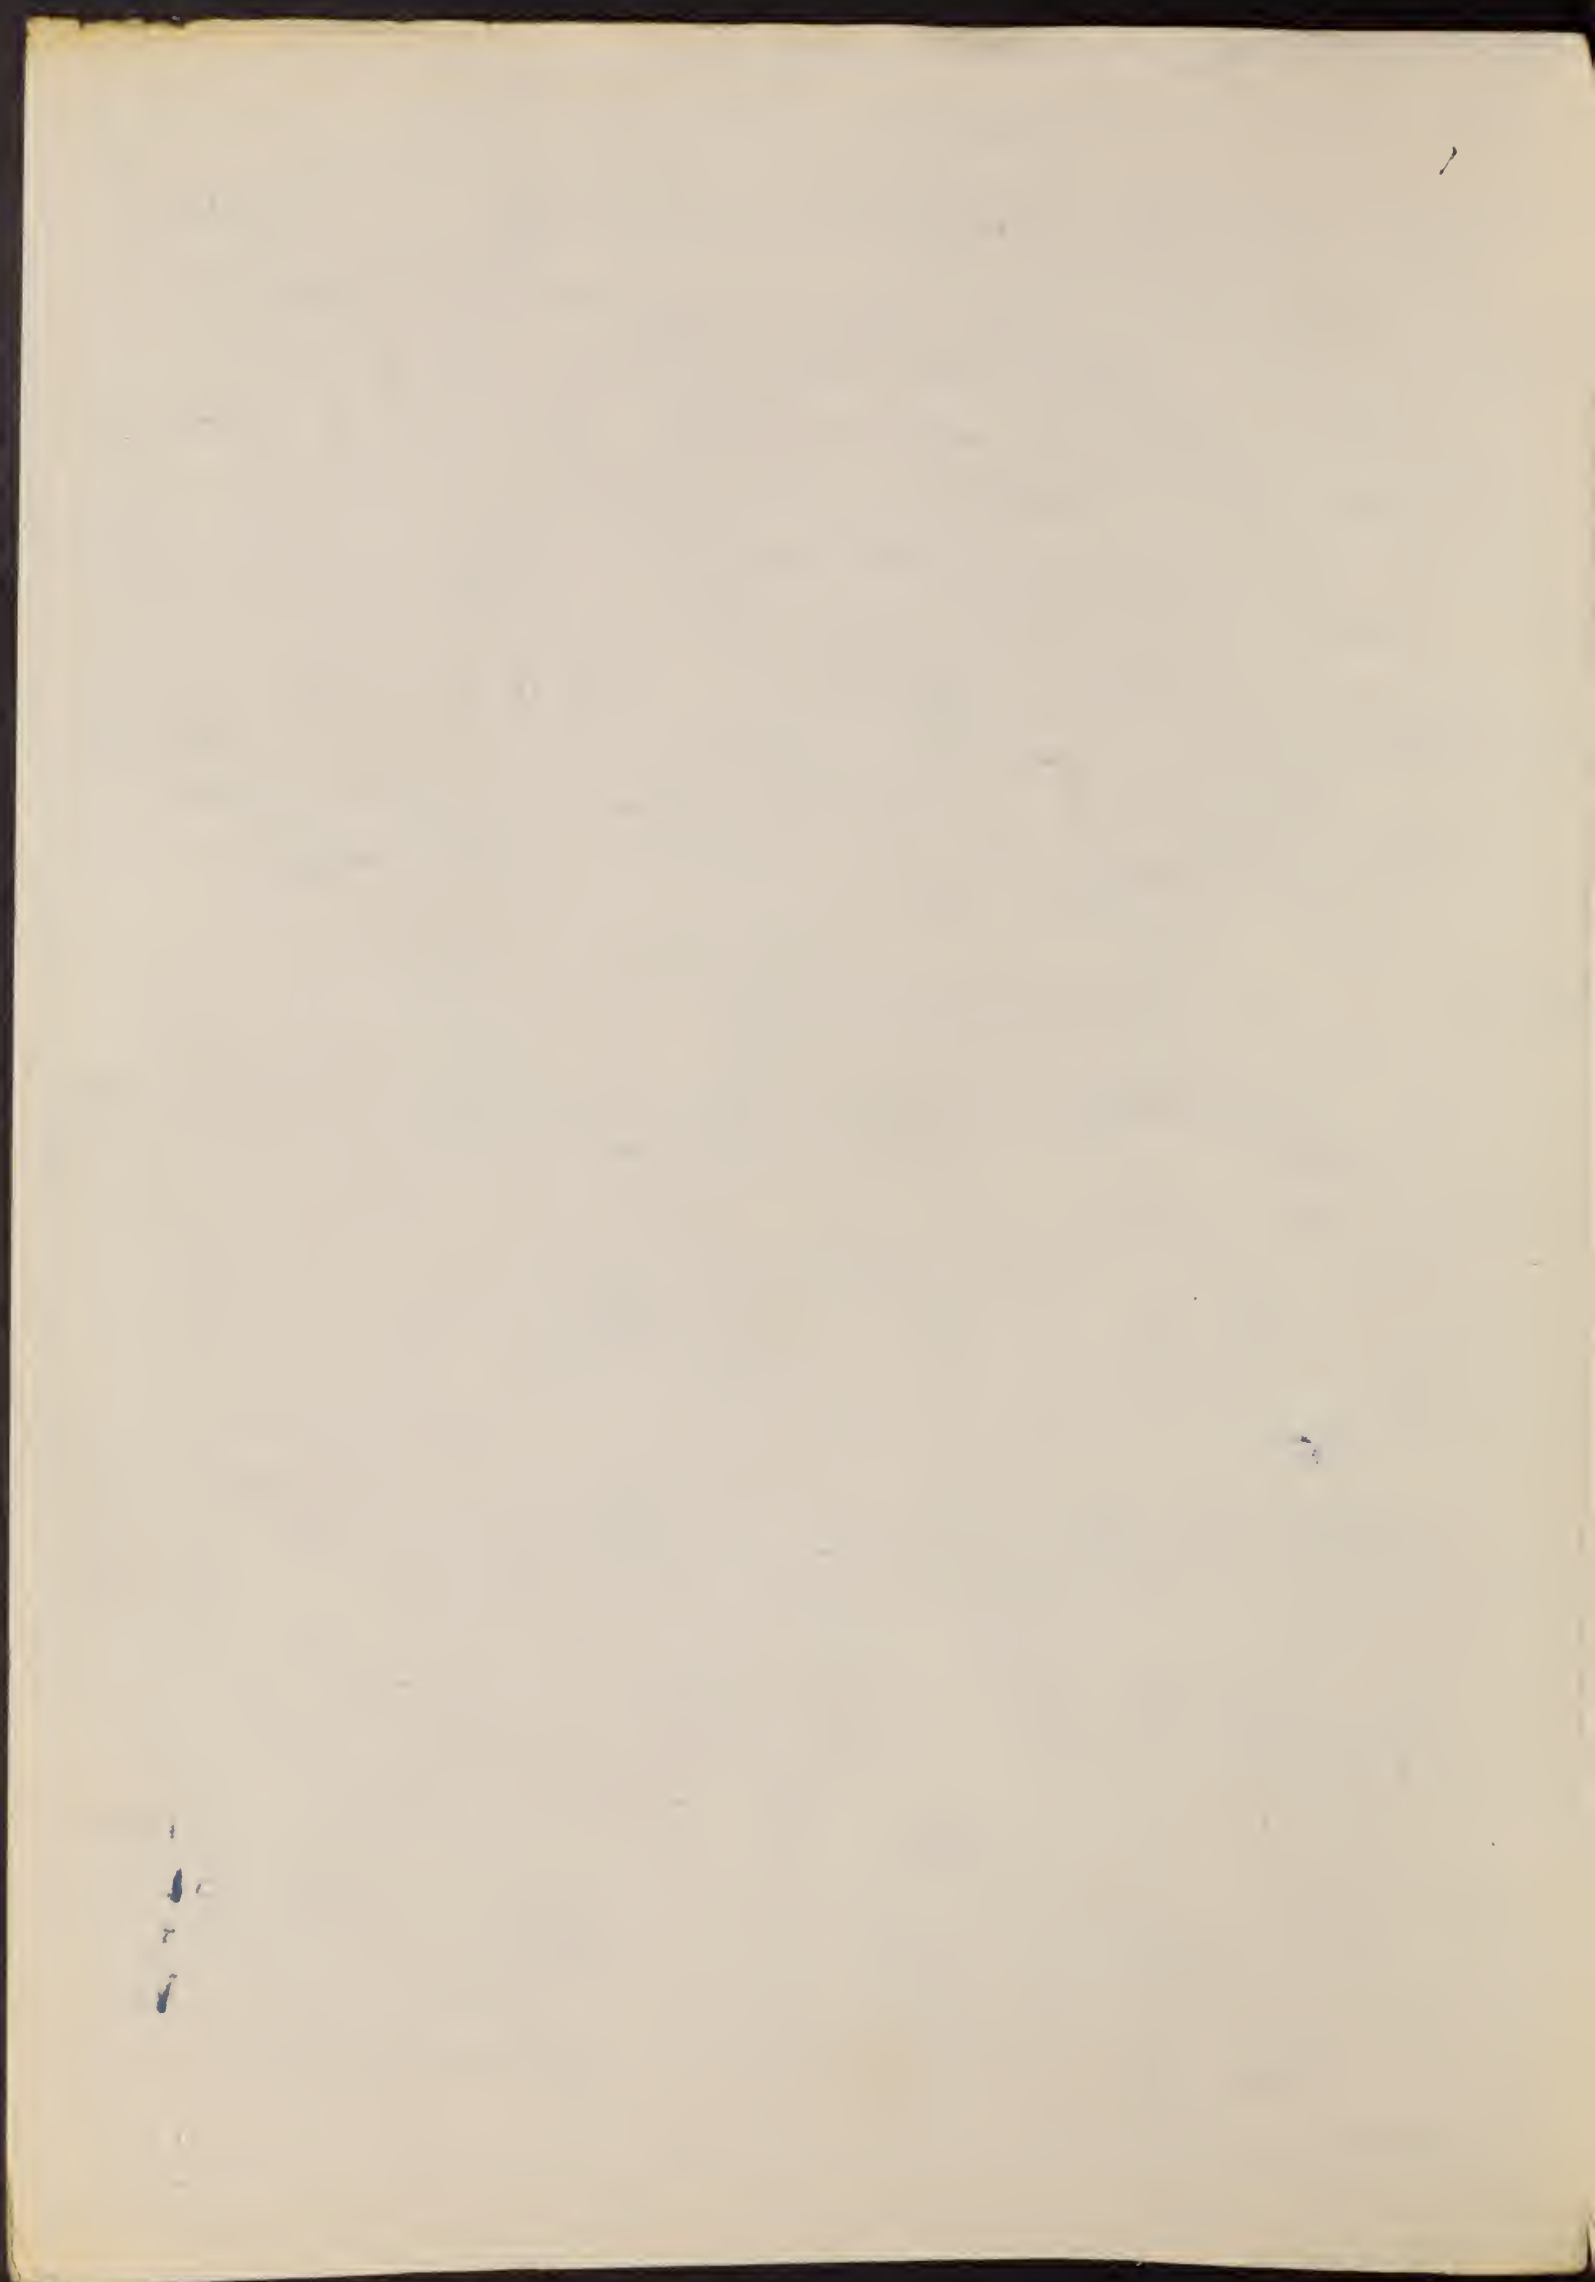

Atlas of 1878.

(John) The father of P. W. Freeman, Esq., (of Sydenham) was born in Greenville in June 1790, and came to Longborough some time during the year 1810 or 1811. He married Miss Jane Rutlan in the year 1812, and settled on Lot 15 in the seventh concession, now (1878) owned by Mr. J. K. Freeman. His great-grandfather on his mother's side, Mr. Rutlan, was born in Germany. He joined the British army under General Burgoyne, and was in active service until the close of the war in 1781. He came with his family to Canada, and settled as a United Empire Loyalist in Adolphustown, in the county of Lenox, where the mother of Mr. Peter W. Freeman was born, and who is still living.

Dear Dr. Burleigh:

I am sorry to have taken so long to answer your most interesting letter of 6 December, but as I began to analyze it and delve into the problems I was gradually led into the Herculean task of assembling all of the Loughborough information I have gathered to date. I hope the resulting enclosed history was worth waiting for.

Your analysis of the Adolphustown dates and the addition of Rachel were stimulating. Jane I believe is the 1794 dau which is according to her headstone and makes her 18 at marriage which is more likely than 16. Sarah turns out to be the 1803 dau, which makes it look as if there was a dau in 1801 who d 1804. I have added Elenor's (Lany) marriage to Lorenzo Switzer which I picked up in a fortunate entry at ~~Exx~~ Sydenham.

As you see, I am inclined to agree with you on Peter d 1838. I am enclosing closeups of the Peter 1828 stone, and the similar Caleb Boyce stone of 1837, both at Sydenham. The inscriptions are of the same "school" if not of the same hand. There is a noticeable difference in making an "8" but outstanding similarity in most details. The numeral in question on Peter's stone appears to be an attempt to change what was there. The stone looks rubbed, and the inserted numeral (certainly not a 5, but possibly a very queer 3) is light and thin and might have been scratched in later.

I plan to reexamine censuses, this time looking for the Freemans, and Switzers etc. I have questions which you might be able to answer:

1. I find references in Canadian reports which I believe come back to you, about DANIEL PAUL son of Abraham I. The record of the baptism at the French Church of New Paltz as published in the History of New Paltz, Ralph LeFevre, 1909, 2nd Edn., Fort Orange Press, Albany gives 20 March 1685/6 Paul bap, son of Abm Ruton (Rutemps) [I have the exact text somewhere on film.] I have now~~here~~ else found ref to Daniel Paul. At the Sleepy Hollow Ch. his marriage is Paulus, and Willem's bap is Poulus. Could you tell me about this? (and of course Daniel was bap 23 Sep 1684.)
2. Did a girl have to be 21 to apply for land as dau of a UEL? Margaret Harper, wife of Lorenzo Ruttan, applied 1835 and I would like to know whether she had to be born by 1814.

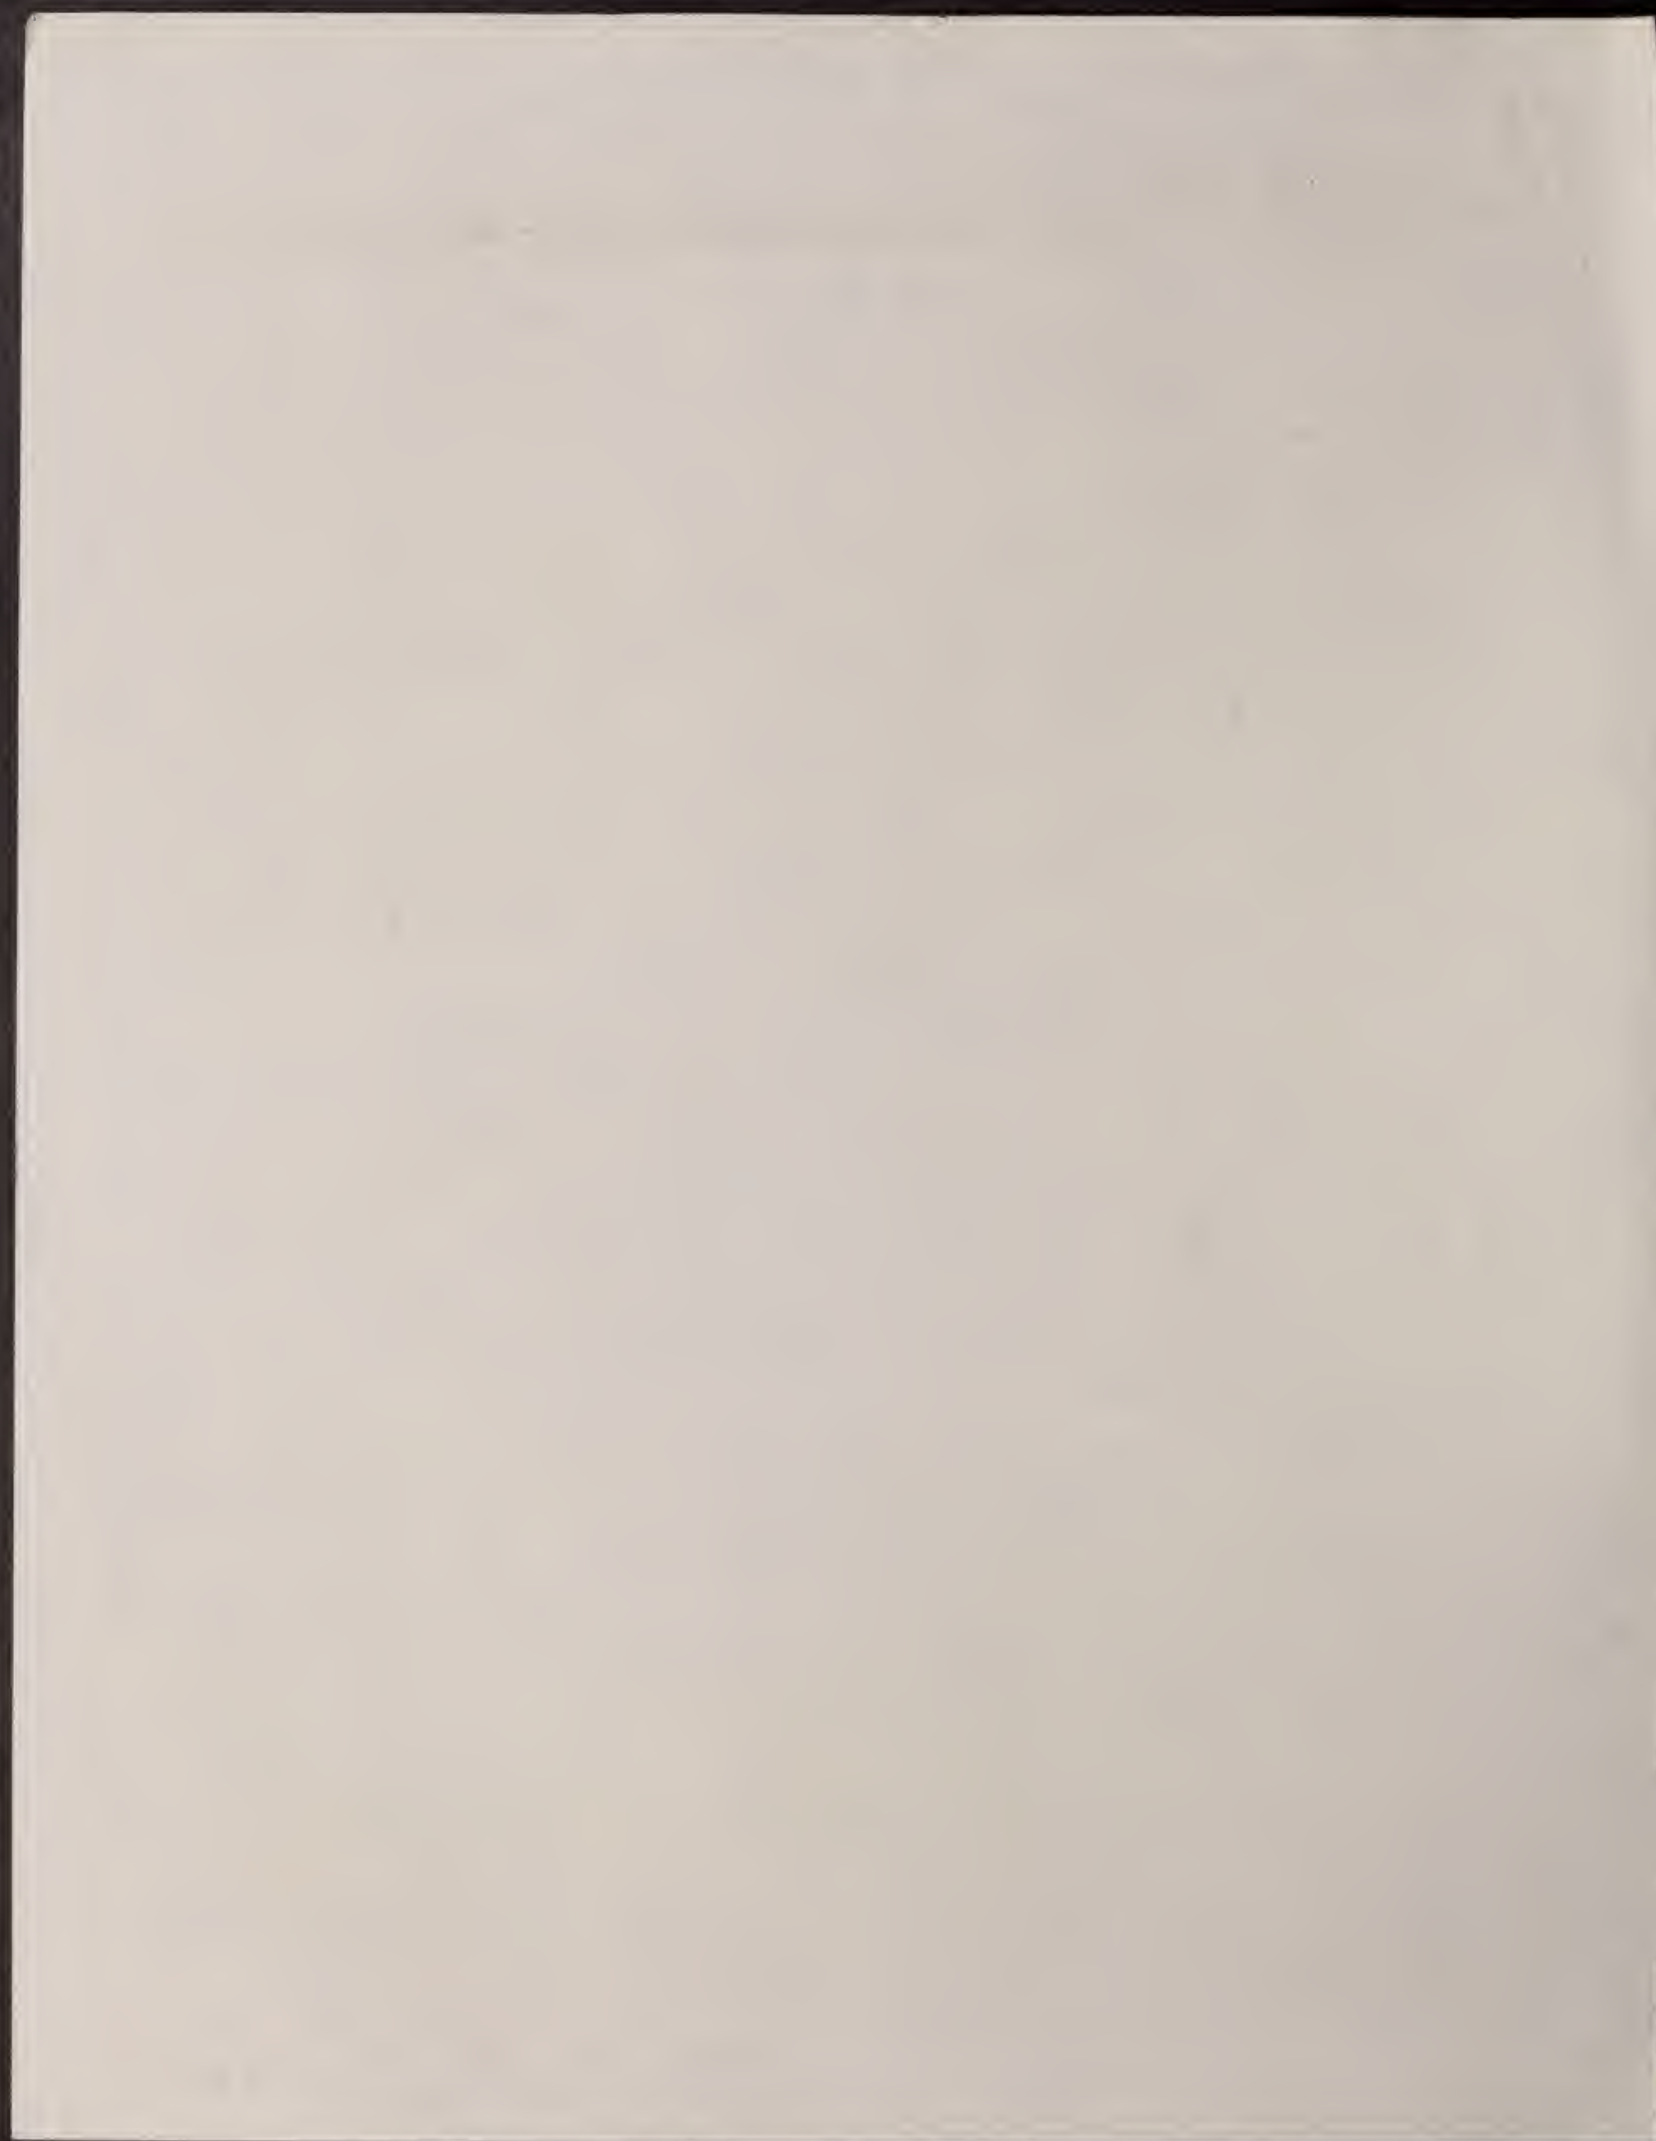

I will not ramble more, but will leave the rest to the enclosed on which I would very much appreciate your comments and corrections. Thanks very much for your notes on the 1819 census. It will be published prob in the April issue of The Ontario Register.

Regards,

J. R. Meachem

Dear Dr. Burleigh:

Haven't time to get out correction sheets for Loughborough Ruttans so am rushing you 1851 census reexamination.

First look at it in April 1968 was just looking for Abraham and Michael. Now another look shows some interesting items:

1. Christopher, David A., and Charles were not under same roof. Christopher and David A. lived adjacent, and Charles right there in vicinity too, living, rooming? working with a widow Boyce. They are all on same census page.
2. We find Jemima age 76 living with dau. Jane Freeman.
~~1851-census-taken-Jan-1851-indicates-b.-17756-(next-birthday)~~
~~1861-census~~
1851 census taken Jan 1852, 76 next birthday, indicates b.1776
1861 census 1861, 84 b.1777
NOTE: Jemima and Peter Jr. m. 5 Dec 1790 - Jemima prob 14, b.1776
3. At last we have spotted Lorenzo Ruttan in a census, age 39 next birthday in Jan 1852, or b. abt 1813 at Loughborough. This makes him most very probably son of Peter Jr. [but does not appear in 1819 census.] Could he be son of Michael???? who was about 16 at time. Could he be in care of mother living with her parents elsewhere?
4. Note also correction of reading of child of John of Loughborough [7] son of Peter Jr. It should be dau Sarah J., not son Joseph Jr.

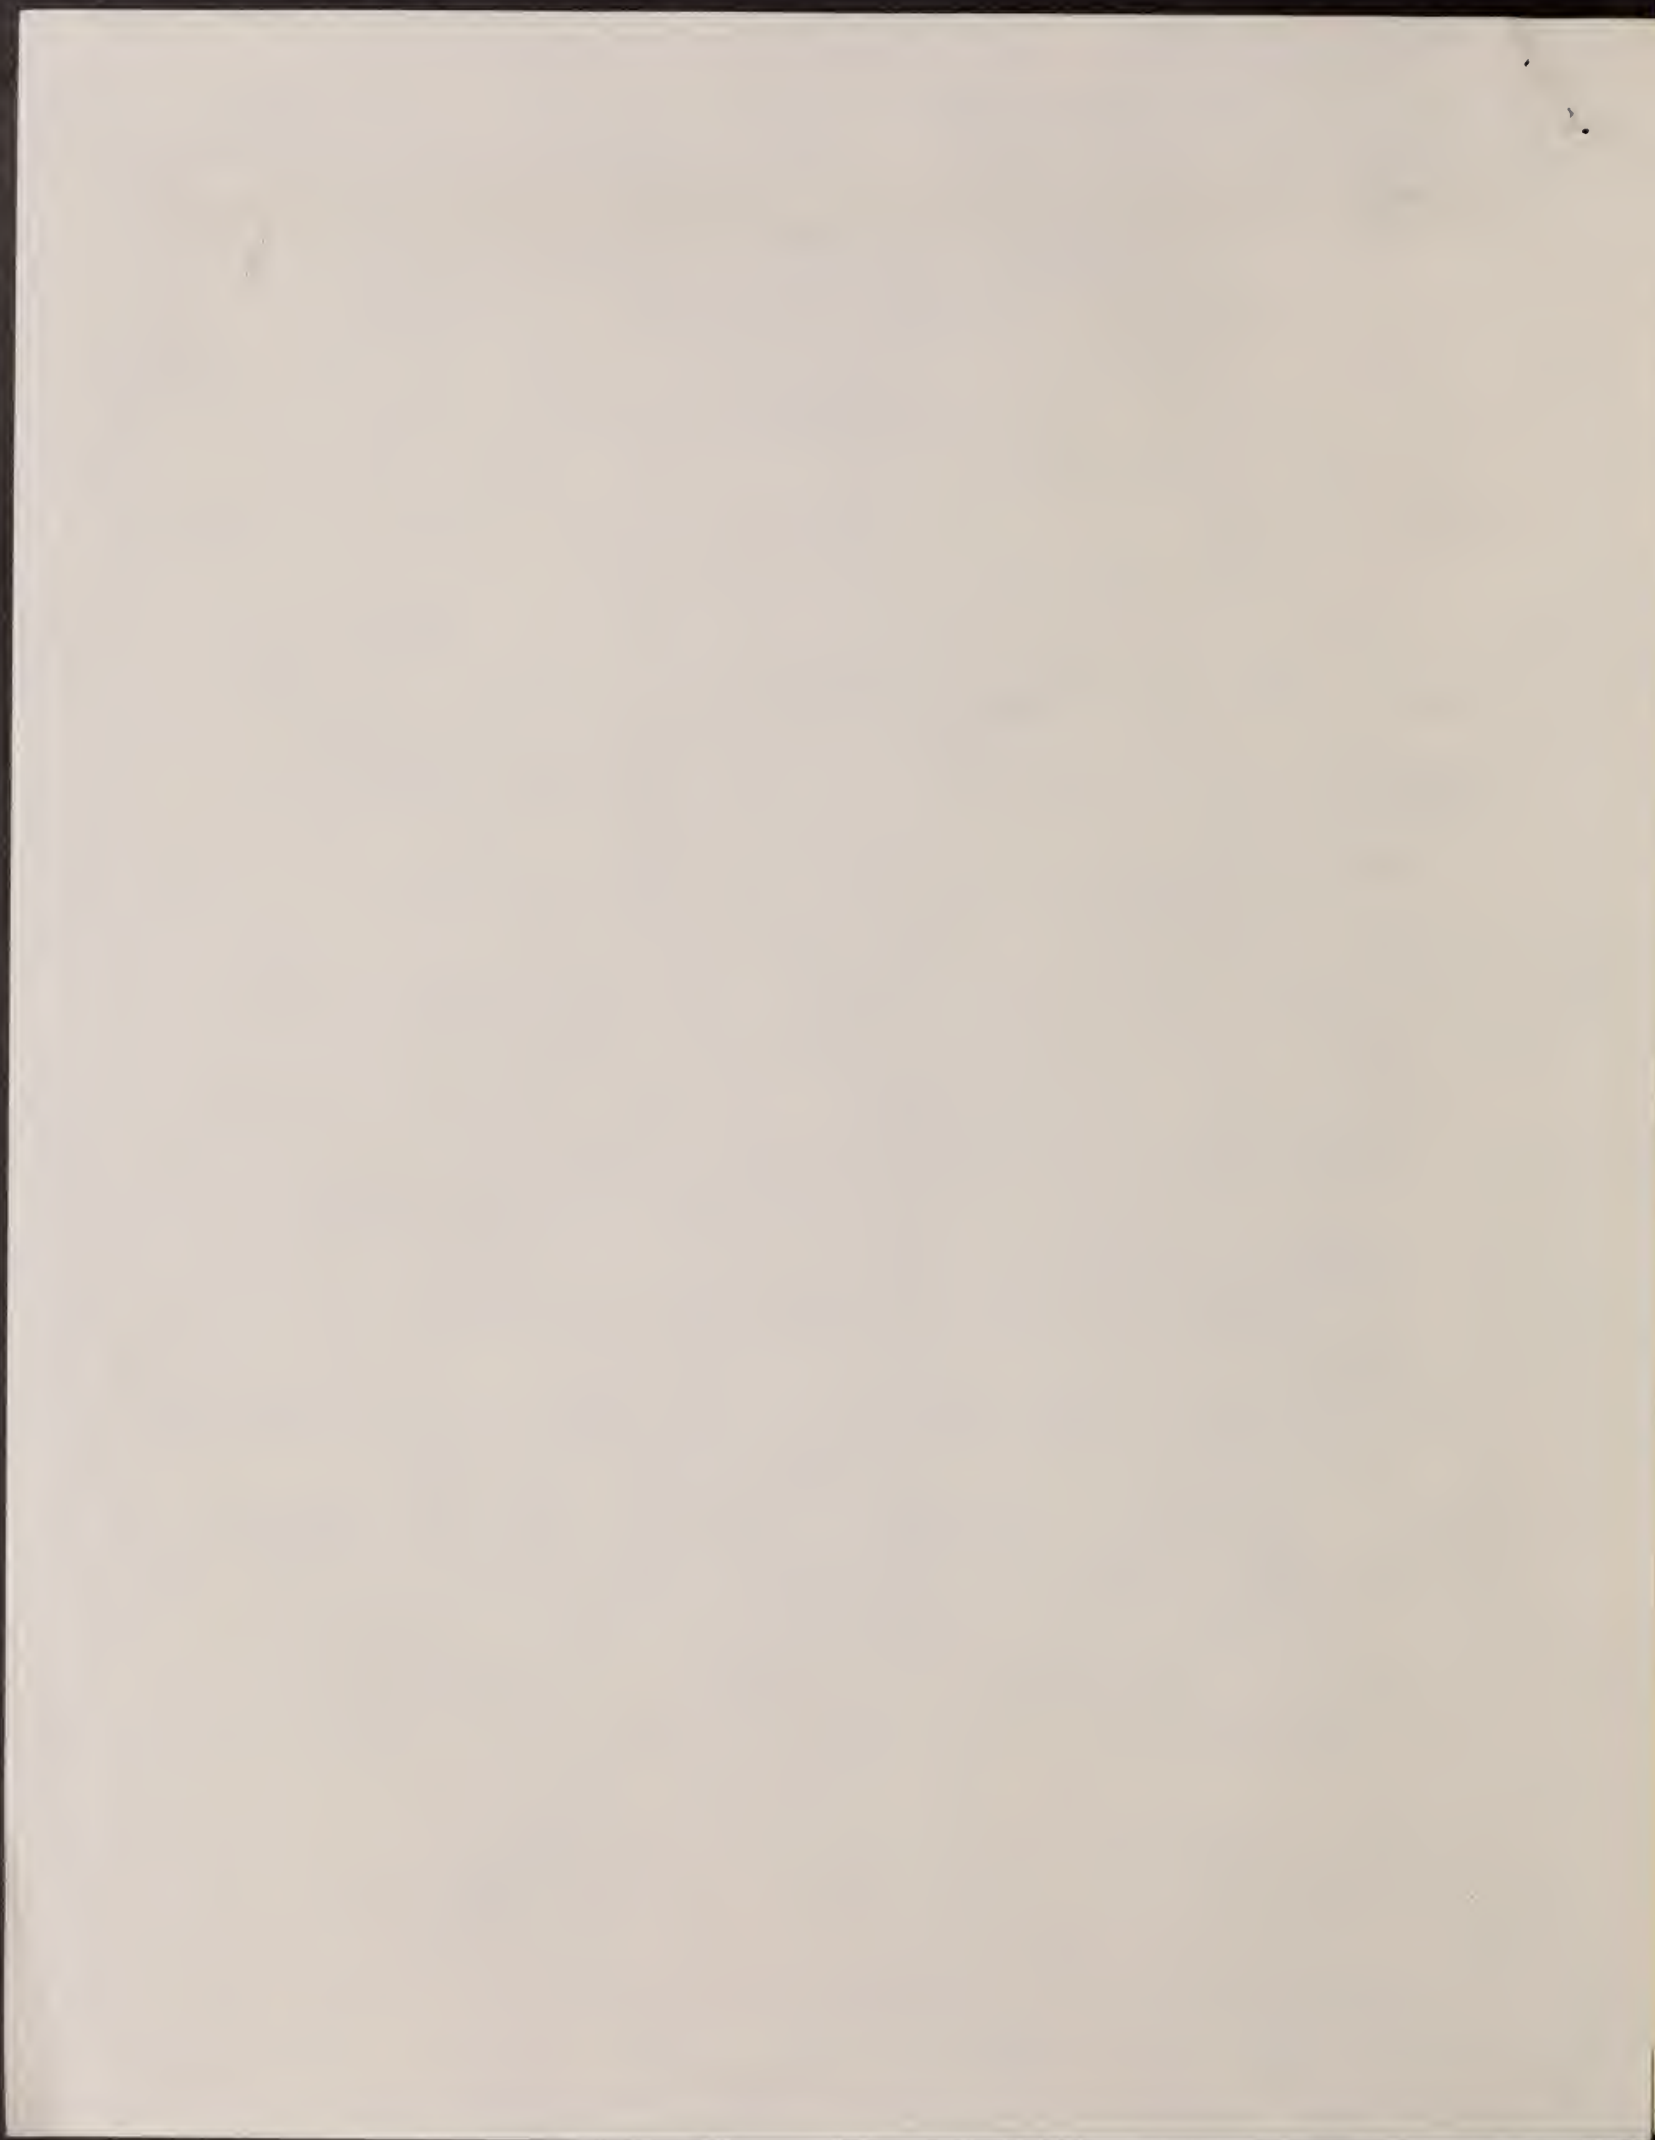

I have filed a copy of THE RUTTANS OF LOUGHBOROUGH with the Archives at Ottawa. Where else should I file it? Do the Archives at Toronto have genealogies? Is there any large genealogical library in Ontario?

The 1819 Census will appear in Vol.3, No.1 of THE ONTARIO REGISTER, (38 Swan St., Lambertville, N.J. 08530, \$6 yr for 4 issues.)

We have just bought a house and are moving, hence the hasty letter.

Sincerely,

8 jan 1970

PRELIMINARY DRAFT OF
THE RUTTANS OF LOUGHBOROUGH
TOWNSHIP OF
FRONTENAC COUNTY, ONTARIO, CANADA

compiled by

INTRODUCTION

This compilation was made to set down what I have to date concerning the Ruttans of Loughborough and to assist in collecting further information. Research was conducted on the period before 1900 beginning with the arrival of Peter Ruttan Jr. in 1807 with the first settler, Michael Sloom, his father-in-law.

Since records are practically non-existent between 1819 and the 1852 census except for a few deeds and deductions from grave-stones, reconstruction of families must necessarily require a type of detective work. It is in this period where I hope some family descendants may be able to send or lend me information from family bibles, letters, gravestones or anything that may help in determining relationships.

If you have any records or memories that might be of value please let me know. Your father's (or mother's) brothers and sisters, and your grandfather's, and especially their cousins are most helpful in linking families.

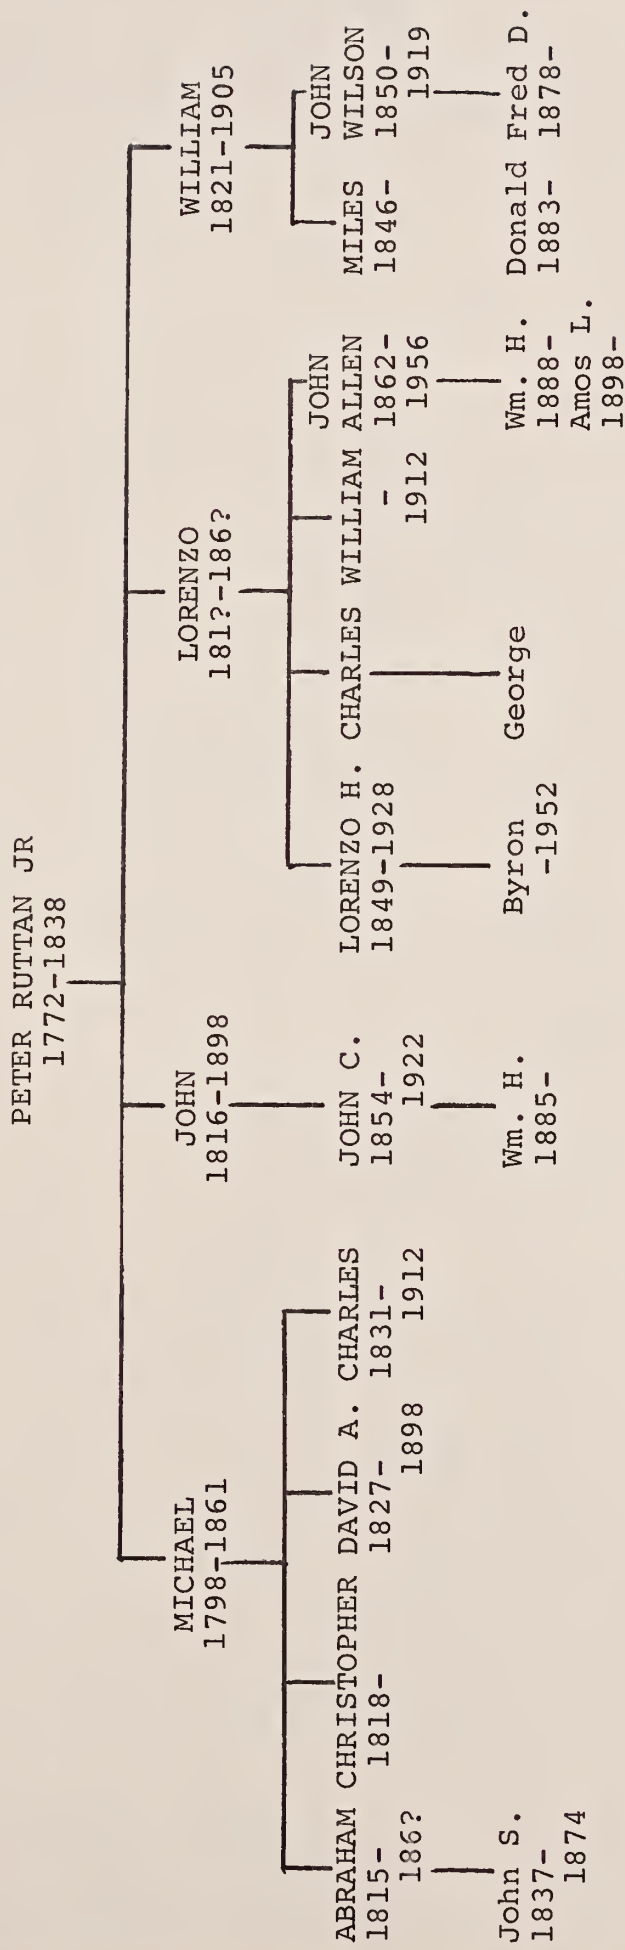

I would also like to get later information on any born with the name Ruttan, up to and including the birth of any children of female Ruttans. Beyond this point we get into other families and the job gets out of hand. In addition to dates of births, marriages and deaths it is important to know where they occurred if you know.

In addition to correspondence with H.C. Burleigh, M.D., of Bath and Mr. and Mrs. C.L.R. Wanamaker of Prince Edward County (P.O. Belleville), research was conducted from 10 September through 3 October 1969 at the National Archives (Public Archives of Canada), Ottawa, the Registry and Surrogate Offices at Kingston for Frontenac County, at Picton for Prince Edward County and at Napanee for Lennox and Addington County. At Adolphustown the U.E.L. Museum, St. Alban's Anglican Church and graveyard, the United Church and graveyard, the old Hay Bay Methodist Church and graveyard and the U.E.L. Burying Ground were visited. The libraries at Kingston and Picton were of value. Especially helpful was the Town Clerk of Loughborough, Mr. R.J. Hull at Sydenham. Research is yet to be done at the Ontario Archives and other sources at Toronto.

I should like to thank all those who were so kind and helpful.

BRIEF OUTLINE OF THE
ANCESTORS OF PETER RUTTAN JR.

The Rutans have first been found in the town of St. Mihiel, in the Province of Lorraine in the northeastern corner of France bordering on Germany. The name is mentioned in 1506, and between 1567 and 1599 four brothers Rutan were made noblemen by the Duke of Lorraine and assigned coats of arms.

The first known ancestor of our line was Claudin Rutan or Rutant. We do not know his parents. He had a son Claude baptised 1590 in the Roman Catholic Church, who became a Protestant and fled to nearby Metz. His son Daniel christened at Metz in 1620 had Abraham, christened at Metz on 10 June 1658.

Probably about 1670 Daniel and his family escaped into Germany as did thousands of Protestants or Huguenots. From there many went to Holland and from there to America. Young Abraham is thought to have accompanied Abraham Hasbrouck and family across the sea in 1675 first to Boston, then on to New York. The Hasbroucks were one of the "Douzaine" or twelve families that established New Paltz on the west bank of the Hudson River near today's Kingston. Abraham settled there and the first record of him in America is as a sponsor in 1680 to the baptism of a child of Abraham Hasbrouck at the Reformed Dutch Church of New York.

Soon after the French Church was established at New Paltz and the children of Abraham and his wife Marie Petilon are among the very first baptised there, including their second son Paul in 1686. Abraham and his family left about 1695 and by 1699 had settled in Bergen County in northern New Jersey. Paul however went to the Tarrytown, N.Y. area and in 1708 married Engeltje (Angelica) Davidse born at Laval, Canada. Their son William was baptised at the "Old Dutch Church of Sleepy Hollow" in 1710. Paul and his second wife moved to Schraalenburgh (now Bergenfield), N.J. about 1725 where William in 1731 married Maria Demarest of a well known Huguenot family. They had at least ten children of whom Elizabeth (later Mathews) baptised in 1733, Peter in 1742, Jacob in 1753 and William in 1759 later went to Canada.

Peter was a Captain in the N.J. Volunteers (Loyalist) having previously married Jantjie (Jane) Ackerman at Schraalenburgh in 1766. William was a Lieutenant and he married Margaret Steel in New York City in 1782 during the War. In mid-1783 the Loyalists were forced to leave New York. Captain Peter was in command of a group of 86 in the ship Hope, one of a small fleet commanded by Michael Grass, which arrived at Sorel, between Montreal and Trois Rivieres after a nine weeks' voyage (and an 8 day gale.) After a winter of severe hardships during which William's only child, a baby girl, died they proceeded to Adolphustown to clear and settle lands granted them by the Crown.

In October 1784 a roll of the settlers was taken and Peter Ruttan Jr. was listed separately from his family, probably indicating that he was over 12 years of age. From Capt. Peter and Lt. William (and a few from Jacob who came in 1793) are descended (almost?) all of the Ruttans in Ontario.

PETER JR came to Adolphustown with his parents and the original settlers in 1784 at the age of about 13. Both he and his father were placed on the list of United Empire Loyalists (UEL) which entitled them and their children to receive land from the Crown. PETER JR drew 200 acres in Concession I, Lot 17 (I-17) of Sophiasburg, now known as the Concession SW of Green Point, on the Bay of Quinte. He improved this lot but always gave his residence as Adolphustown, so he may not have lived there but possibly on his father's lands at Adolphustown.

In 1790 he married Jemima Slood, the daughter of Lt. Michael Slood of Cuyler's Corps in New York who came to Adolphustown in 1786. In 1797 Michael Slood received a patent for 400 acres in Loughborough (V-7,8) which was then unsettled. In 1806 he bought 200 acres more (IV-6) for 75 pounds. In 1807 he sold his land in Adolphustown and "ventured into the Woods back of Kingston about Twenty Miles where he ... improved a very fine farm of about 150 Acres with a good frame house and frame Barn ... a very nice settlement has been formed from Mr. Slood being the only Settler to between 70 and eighty" (in 1819.) He also "erected Mills for the accomodation of the settlers..."

In 1804, probably due to the increasing number of land claims, the Council limited the UEL list to those who were heads of families at the time of the Treaty of 1783. This reduced PETER JR from being on the UEL list to being a child of an UEL and did not allow his children to apply for land.

PETER JR also left Adolphustown for Loughborough in 1807, probably going with his father-in-law who in December 1808 deeded him the South 1/2 (S/2) of IV-6. In January 1809 PETER JR probably visited Adolphustown where he sold his Sophiasburg land (and was picked up by the 1809 Adolphustown census.)

When PETER JR left for Loughborough he and Jemima had four children (a little daughter apparently having died in 1804), JANE b 1794, RACHEL b 1796?, MICHAEL b 1798? and SARAH b 1803. By the 1819 Loughborough census (attached to Michael Slood's 1819 petition) SARAH is still at home, but the others have their own families. New youngsters in the family are PETER, HENRY, JOHN, LANY (Elenor) and ANNE.

MR. J. R. MEACHEM
1701 Skees Road #50
W. Palm Beach, Fla. 33406

Michael Slood in 1819 sold his V-7,8 acreage on the shores of Sydenham Lake (which was known for many years as Slood's Lake) and petitioned the Crown for lands in the London or Western District. This petition was denied, but Michael must have moved out (to Albion Twp, now Peel County?) since there is little more of the Slood's in Loughborough.

Michael had sold the N/2 of IV-6 (PETER JR had the S/2) to Peter Vermilyea. In 1826 William Vermilyea, who had married PETER JR's daughter RACHEL, sold the N/2 to PETER JR. In 1837 PETER JR deeded the entire lot in three parcels to three of his younger children, LORENZO, JOHN and Lorenzo Switzer, married to his daughter ELENOR. At this time Lorenzo Switzer deeded his III-5 land to WILLIAM, who was only 16 and presumably the youngest child of PETER JR. These deeds are the last record we have of PETER JR. There is a stone in Sydenham cemetery which reads "In Memory of Peter Ruttan Who died apr^l 26th 18(3?)8 aged 66 Years."

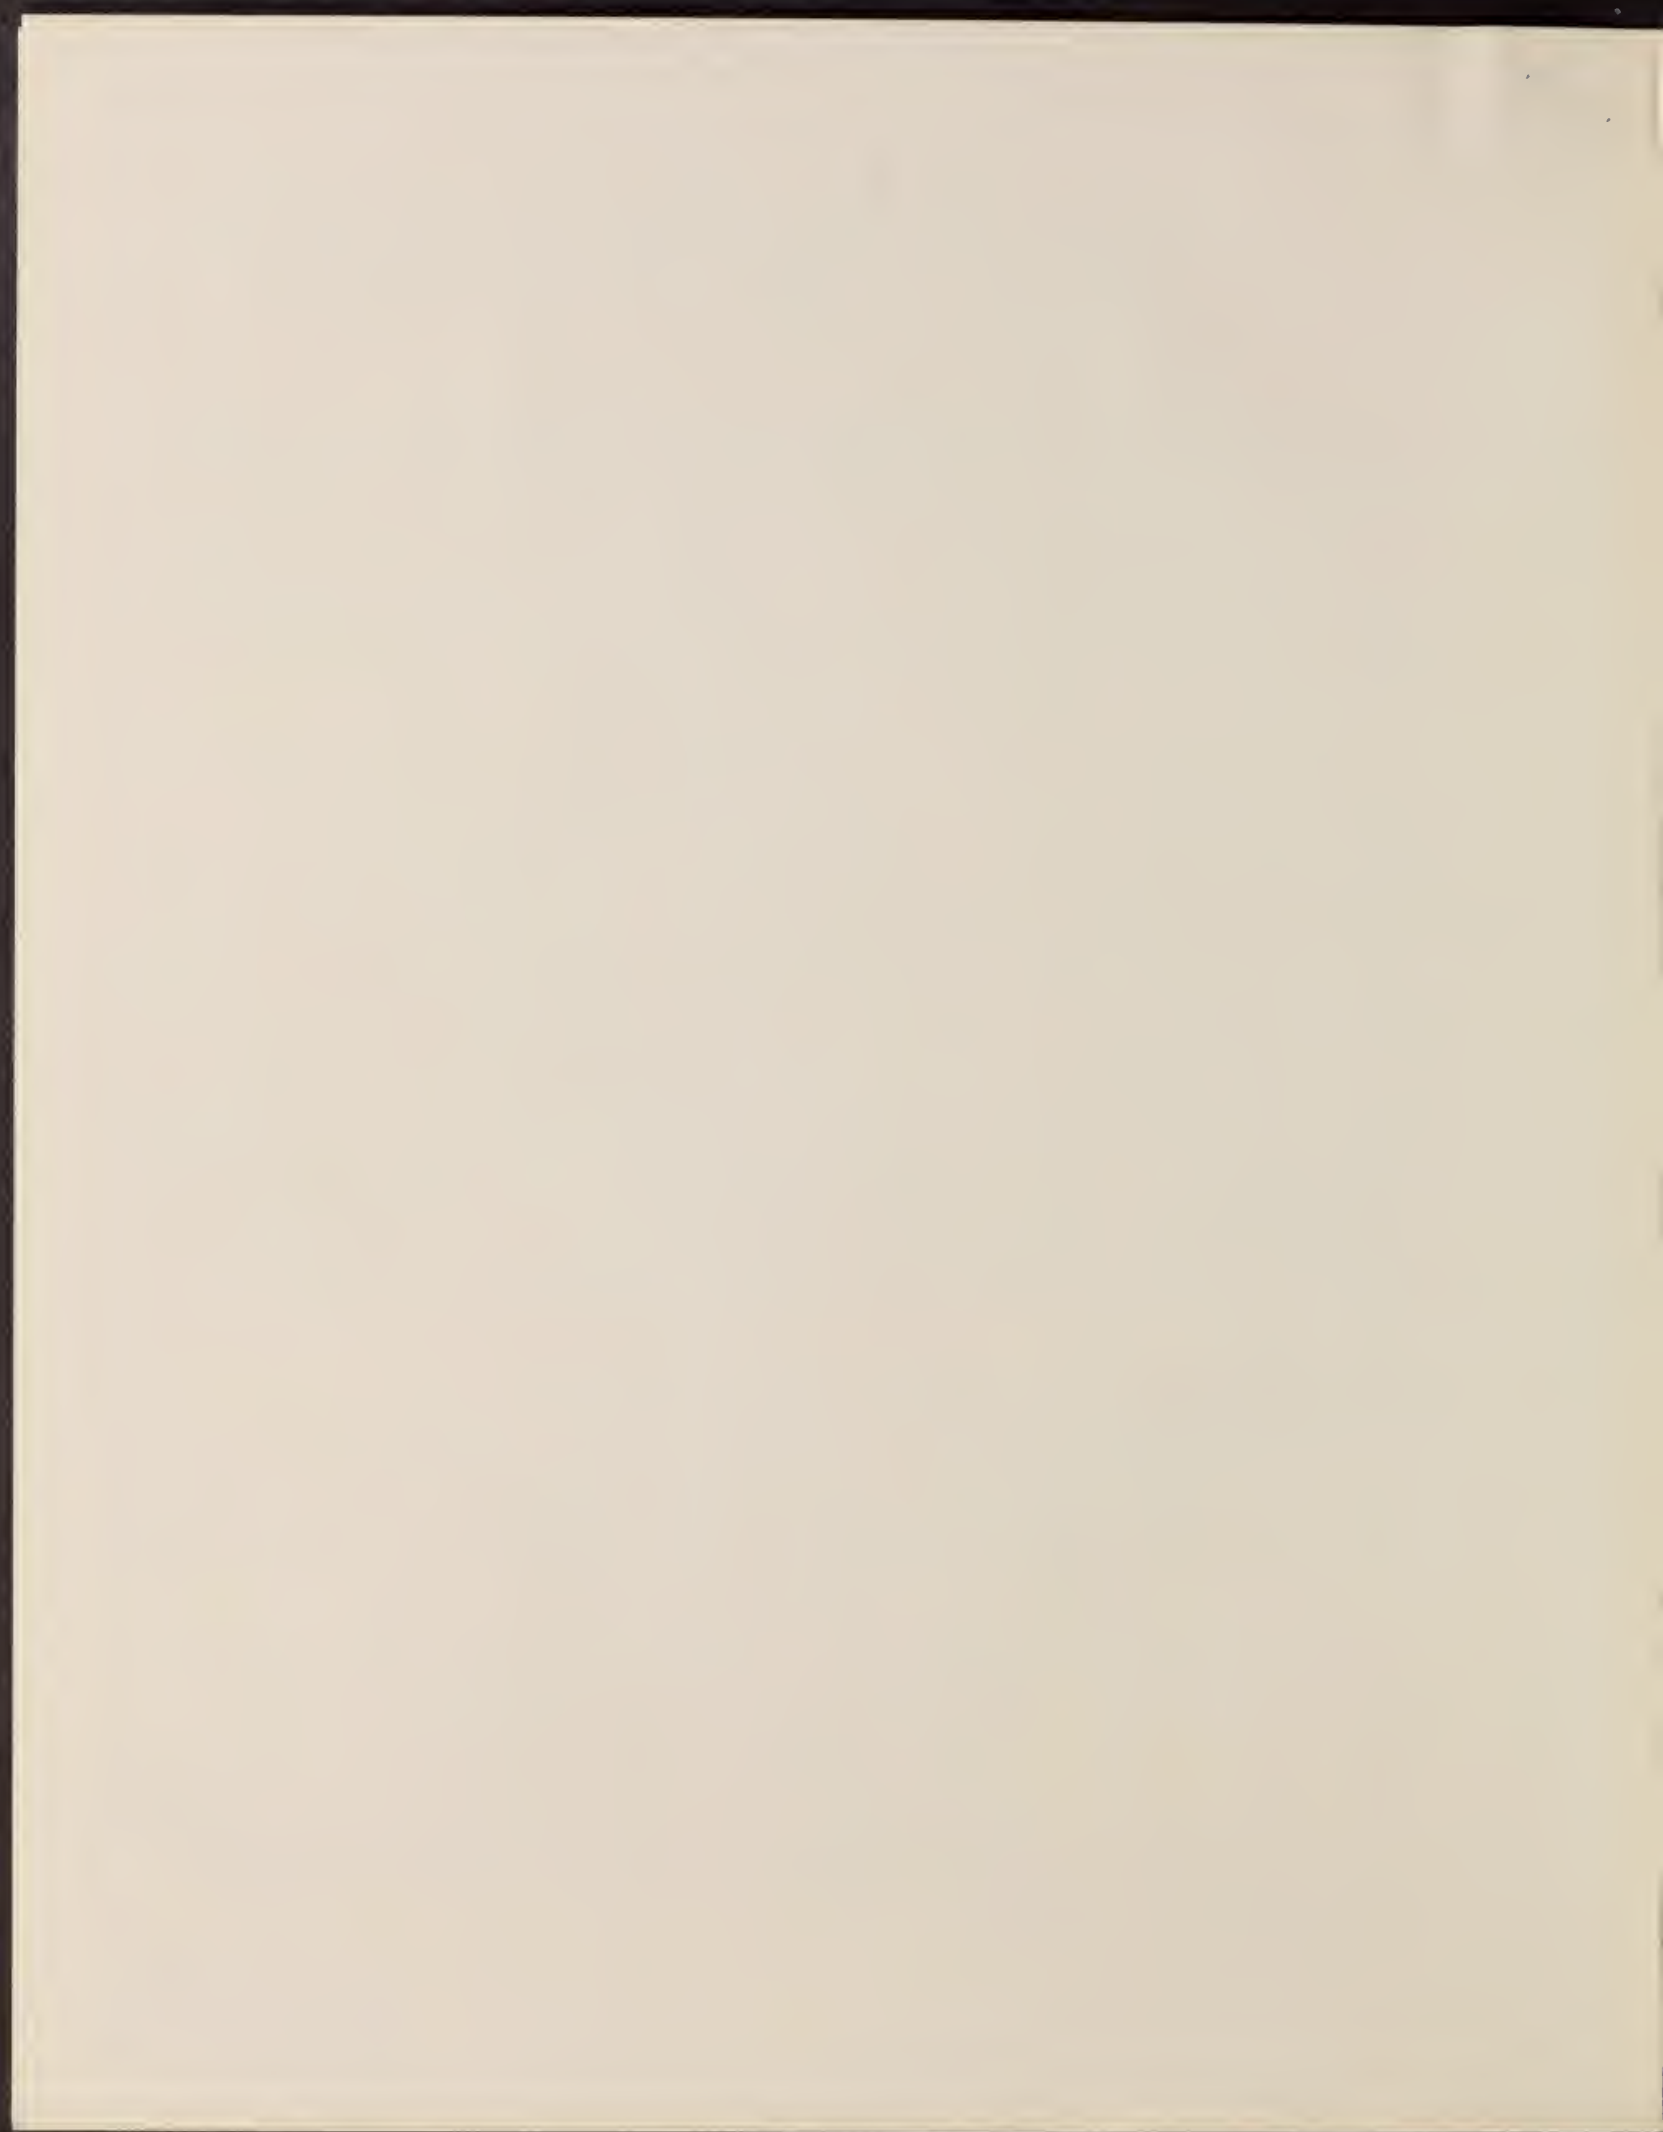

Jemima (Slood) Ruttan is in the 1861 census living in Ward No. 2 of Loughborough with her daughter SARAH and John Switzer. Her age is given as 84, born U.S. More might be found in research on Morrisania, N.Y. (now in the Bronx, N.Y.C.) where Michael Slood's house was "surrounded by the Enemy on the 17th Day of January 1780 and after a severe engagement Burnt with all Property and papers."

Although the spelling of the name varies widely in the records, which is not unusual, an analysis shows that in early U.S. records and signatures two t's were not uncommon but not in the majority. After 1800 in the U.S. the spelling settled down to mostly all one t. The first signature I have of PETER in 1778 uses "Ruttan." This is true in the first Ontario records. Around 1790 the spelling "Rattan" became almost universal and continued to around 1830 when it reverted to "Ruttan." JOHN, presumably son of PETER JR insisted on spelling his name "Rettan" which his son JOHN C. did also. Generally we find "Ruttan" in Canada and "Rutan" in the U.S. One member of the U.S. family not too many years ago changed his name to "Rheuttan!"

JANE the oldest daughter of PETER JR and Jemima married John Freeman of whom the 1878 Atlas says "Mr. Freeman was born in Grenville in June 1790, and came to Loughborough some time during the year 1810 or 1811. He was married to Miss Jane Ruttan in the year 1812, and settled on Lot 15 in the seventh concession..." They are shown on VII-15 at Wilmer corners in an 1860 map, and J.K. Freeman is on it in 1878. They (and J.K.) are buried in the cemetery at the corners. Children Thomas, Barney and Jemimy are shown in the 1819 census, Emaline is from her death record. The others have been supplied by Dr. Burleigh.

3. RACHEL RUTTAN, dau of PETER JR (1) and Jemima
 b 1796? Adolphustown

 Peter; William; Jemima; Mary

RACHEL has been selected from the Loughborough census as the one of the four children that came with PETER JR in 1807 as shown by the Adolphustown census. The names Peter, William and Jemima for her children are a forceful indication. Dr. Burleigh points out that the name Jemima was an unusual one at that time in that area, and that those with daughters named Jemima can be strongly suspected of being children of PETER JR and Jemima. The Freemans, Ruttans and Vermilyeas are next to each other in the 1819 census lists which usually indicates people living adjacent to each other or along the same road. Finally we find Peter, then William Vermilyea in the N/2 of IV-6 up to 1826, where PETER JR is living on the S/2.

MICHAEL is in the 1819 census without wife and with two children, ABRAHAM and CHRISTY. The only other Ruttan family listed is that of PETER JR. He carries the name of Jemima's father, a name which has never before been used in the Ruttan family. His age matches that of PETER JR's son in the Adolphustown censuses.

He is next found in the 1852 census at age 54 married, the woman of the house being Mary Ann Mountaineer age 30 single, with CHARLES age 7 (b 1845?) and ANN 2 (b 1850?). Here we need family records between 1819 and 1845.

In the 1861 census ANN is called SINTHY A. with MERCY A. and JOHN added. MICHAEL died just after the census was taken and his estate papers show a statement by ABRAHAM that he is MICHAEL's eldest son, also a statement by Mary Ann, MICHAEL's widow, that JOHN is "the one lawful male child (of MICHAEL) of which I am the mother..."

MICHAEL had bought in 1860 the W/2 of VII-11 and his widow obtained control of it, leasing it in 1867 to John L. Sills for 10 years "in consideration that (Sills) shall take, keep, clothe, school and provide for JOHN RUTTAN." This may have been when she remarried to James Graham. At the end of the 10 years JOHN, now almost 19, deeded the land to Sills but this did not appear to stick as DAVID A. RUTTAN later the same year obtained a quit claim from Mary Ann. In 1880 DAVID obtained from JOHN S("witzer" has been written in the deed copy by someone) "one of the heirs of MICHAEL RUTTAN" a quit claim of JOHN's 1/9th interest (possibly indicating

several heirs.) DAVID A. is shown on the property in the 1878 Atlas.

SARAH married John Switzer after the February 1819 census. In 1861 her mother Jemima was living with them in Loughborough, Ward No. 2. In the 1878 Atlas a Jno. Switzer is on the SE 50 acres of VI-5 adjacent to CHARLES RUTTAN (13) on VI-6.

ELENOR's marriage to Lorenzo Switzer is shown by the parents' names on the death record of Alfred. In 1837 they had received a portion of IV-6 from PETER JR along with her brothers LORENZO and JOHN. They lived next to JOHN for 37 years. In 1874 Lorenzo and Elenor Switzer sold half of their land in IV-6. In 1879 Alfred and Mary E. Switzer sold the other half.

Although JOHN's age and residence are convincing indications that he is the son of PETER JR and Jemima shown in the 1819 census, he always spelled his name "Rettan" and did not use the usual family names for his children. The name "BAILY" may have come from the family name of Sarah Baillie who married JOHN CANNIFF RUTTAN of Pittsburg. JOHN CANNIFF would have been JOHN's cousin, son of JOHN's uncle JOSEPH, abrother of PETER JR. Perhaps the name JOSEPH JR for JOHN's son came from his uncle JOSEPH. JOHN and JOHN CANNIFF were less than a year apart in age and perhaps might have been close.

JOHN was deeded 100 acres of IV-6 in 1837 by PETER JR. On the 1860 map Lorenzo Switzer, husband of ELENOR, is living on his north side. JOHN lived there until his death 61 years later, for in 1898 just before his death he deeded the land to his son JOHN C.

We have no records between 1819 and PETER JR's death probably in 1838. Evidence indicates that LORENZO and WILLIAM are children of PETER JR and Jemima. They both named daughters Jemima, they lived next to each other in Loughborough for 16 years, they both named children Miles, they were both involved in the land settlements made in 1837 by PETER JR, their grandchildren say that their fathers were cousins, and LORENZO named sons PETER and MICHAEL. This is the first use of the name Lorenzo in the Ruttan family but it is a common name in the Switzer family.

LORENZO is first on the record when Margaret Harper, wife of LORENZO RUTTAN of Kingston (Twp?) applied for land in 1835 as daughter of a UEL. If he was older than 16 at the time we should find him in the 1819 census at Loughborough, but not necessarily. He could have been somewhere else at the time, ~~perhaps with his mother who is not shown in the census.~~

PETER JR in 1837 deeded part of IV-6 to LORENZO who sold it shortly after to John Ferguson. In 1840 LORENZO of Kingston bought 50 acres, the SW/4 of III-5 in Loughborough, next to WILLIAM who had the NW/4 from the 1837 transactions. LORENZO lived here for 16 years. By Margaret he had six children, one of them born in 1849. Margaret probably died here, for on 8 September 1856 LORENZO and his second wife (Lovinia) Ann sold their part of III-5. On 9 September 1856 they received a deed to the NW 50 acres of IV-39 in Camden Twp near Desmond from Ann's parents, Isaac and Lovinia Ann Mintz. The parents reserved a life tenancy and the land is shown as occupied by "Mince" in 1860. But no doubt LORENZO and Lovinia Ann removed to the Mintz land in Camden in 1856.

There were four children by Lovinia Ann, GEORGE of Harrowsmith, grandson of LORENZO and son of CHARLES, says that CHARLES was about 10 years old when his father died and that the children grew up around Desmond.

MR. J. R. MEACHEM

Lovinia Ann remarried to William Hicks. Between 1877 and 1886 he obtained quit claims for the Camden IV-39 land from all of LORENZO's children, and also from John E. Irish, George Ruttan, and William Miles Irish and wife, who may have been grandchildren of LORENZO.

20. JOHN WILSON b 1850 m Annie Marie Amey

WILLIAM must have been the last of the children of PETER JR and Jemima. If Jemima was married at the age of 14 she would have been 45 in 1821 when WILLIAM was born. Besides having a daughter named Jemima, WILLIAM was involved in the real estate transactions of 1837. In late 1837 when PETER JR deeded part of IV-6 to Lorenzo Switzer (wife ELENOR), Lorenzo Switzer also deeded 50 acres, the NW/4 of III-5 to WILLIAM. Since WILLIAM was only 16 it must have been part of the plan, to take care of the youngest son of PETER JR.

In 1863 WILLIAM also bought XI-15. The 1878 Atlas shows him with the W/2 and MILES with the E/2. FRED, WILLIAM's grandson, says that he used to drive the livestock to pasture there. WILLIAM sold all of XI-15 in 1898, which is probably when he moved into Sydenham.

By 1878 WILLIAM had added to his land in III-5 with 50 acres in each of III-3 and III-4 on either side of the road south out of Sydenham. His grandson FRED says he moved into town and his son MILES worked the farm. A monument to WILLIAM and Eliza is in the Sydenham cemetery.

ABRAHAM is last recorded in the 1861 census which shows his two oldest sons in the U.S. where the oldest was probably married by 1861. In the 1865 census at Lyme Twp, Jefferson County, N.Y. is found Mary Ann Ruttan, widow, with the entire family. We do not know whether ABRAHAM died in Loughborough or Lyme.

He also obtained a quit claim in 1880 from JOHN S. of JOHN S.'s 1/9th interest in the land as one of the heirs of MICHAEL. This indicates that DAVID A. was himself one of the heirs of MICHAEL, and expected no trouble from the other heirs. In the 1852 census DAVID A. with his wife and first child are living with CHRISTOPHER (11).

CHARLES was living in 1852 with CHRISTOPHER (11) and DAVID A. (12) and it is assumed he was their brother. He did not use familiar Ruttan names for his children, and the father MICHAEL had a CHARLES E. in 1845. More information here would help.

CHARLES was active in business and politics. In 1852 he was listed as a carder, in 1861 a clothier, in 1871 a farmer and in 1878 a money loaner and farmer and Reeve of Loughborough. He bought 94 acres in the W/2 of VI-6 in 1864 for \$2,000 and sold it in 1906 at the age of 75 for \$4,000. He obtained in 1867 a patent for XIV-3 which he sold in 1869. There are records of mortgage money he lent.

When his wife Adaline died in 1922 the record says that she had lived in Sydenham for 63 years which may be a clue to their marriage.

THE SWITZERS OF THE BAY OF QUINTE
by E.E. Switzer

[Extracted from article in Ontario Historical Society Papers and Records, Vol. VI (1905), pp. 95-96.]

The Switzers came from Germany. They were driven from the Palatine on the Rhine ...in the seventeenth century, and emigrated to Ireland ...and settled in the county of Limerick, in the reign of Queen Anne.

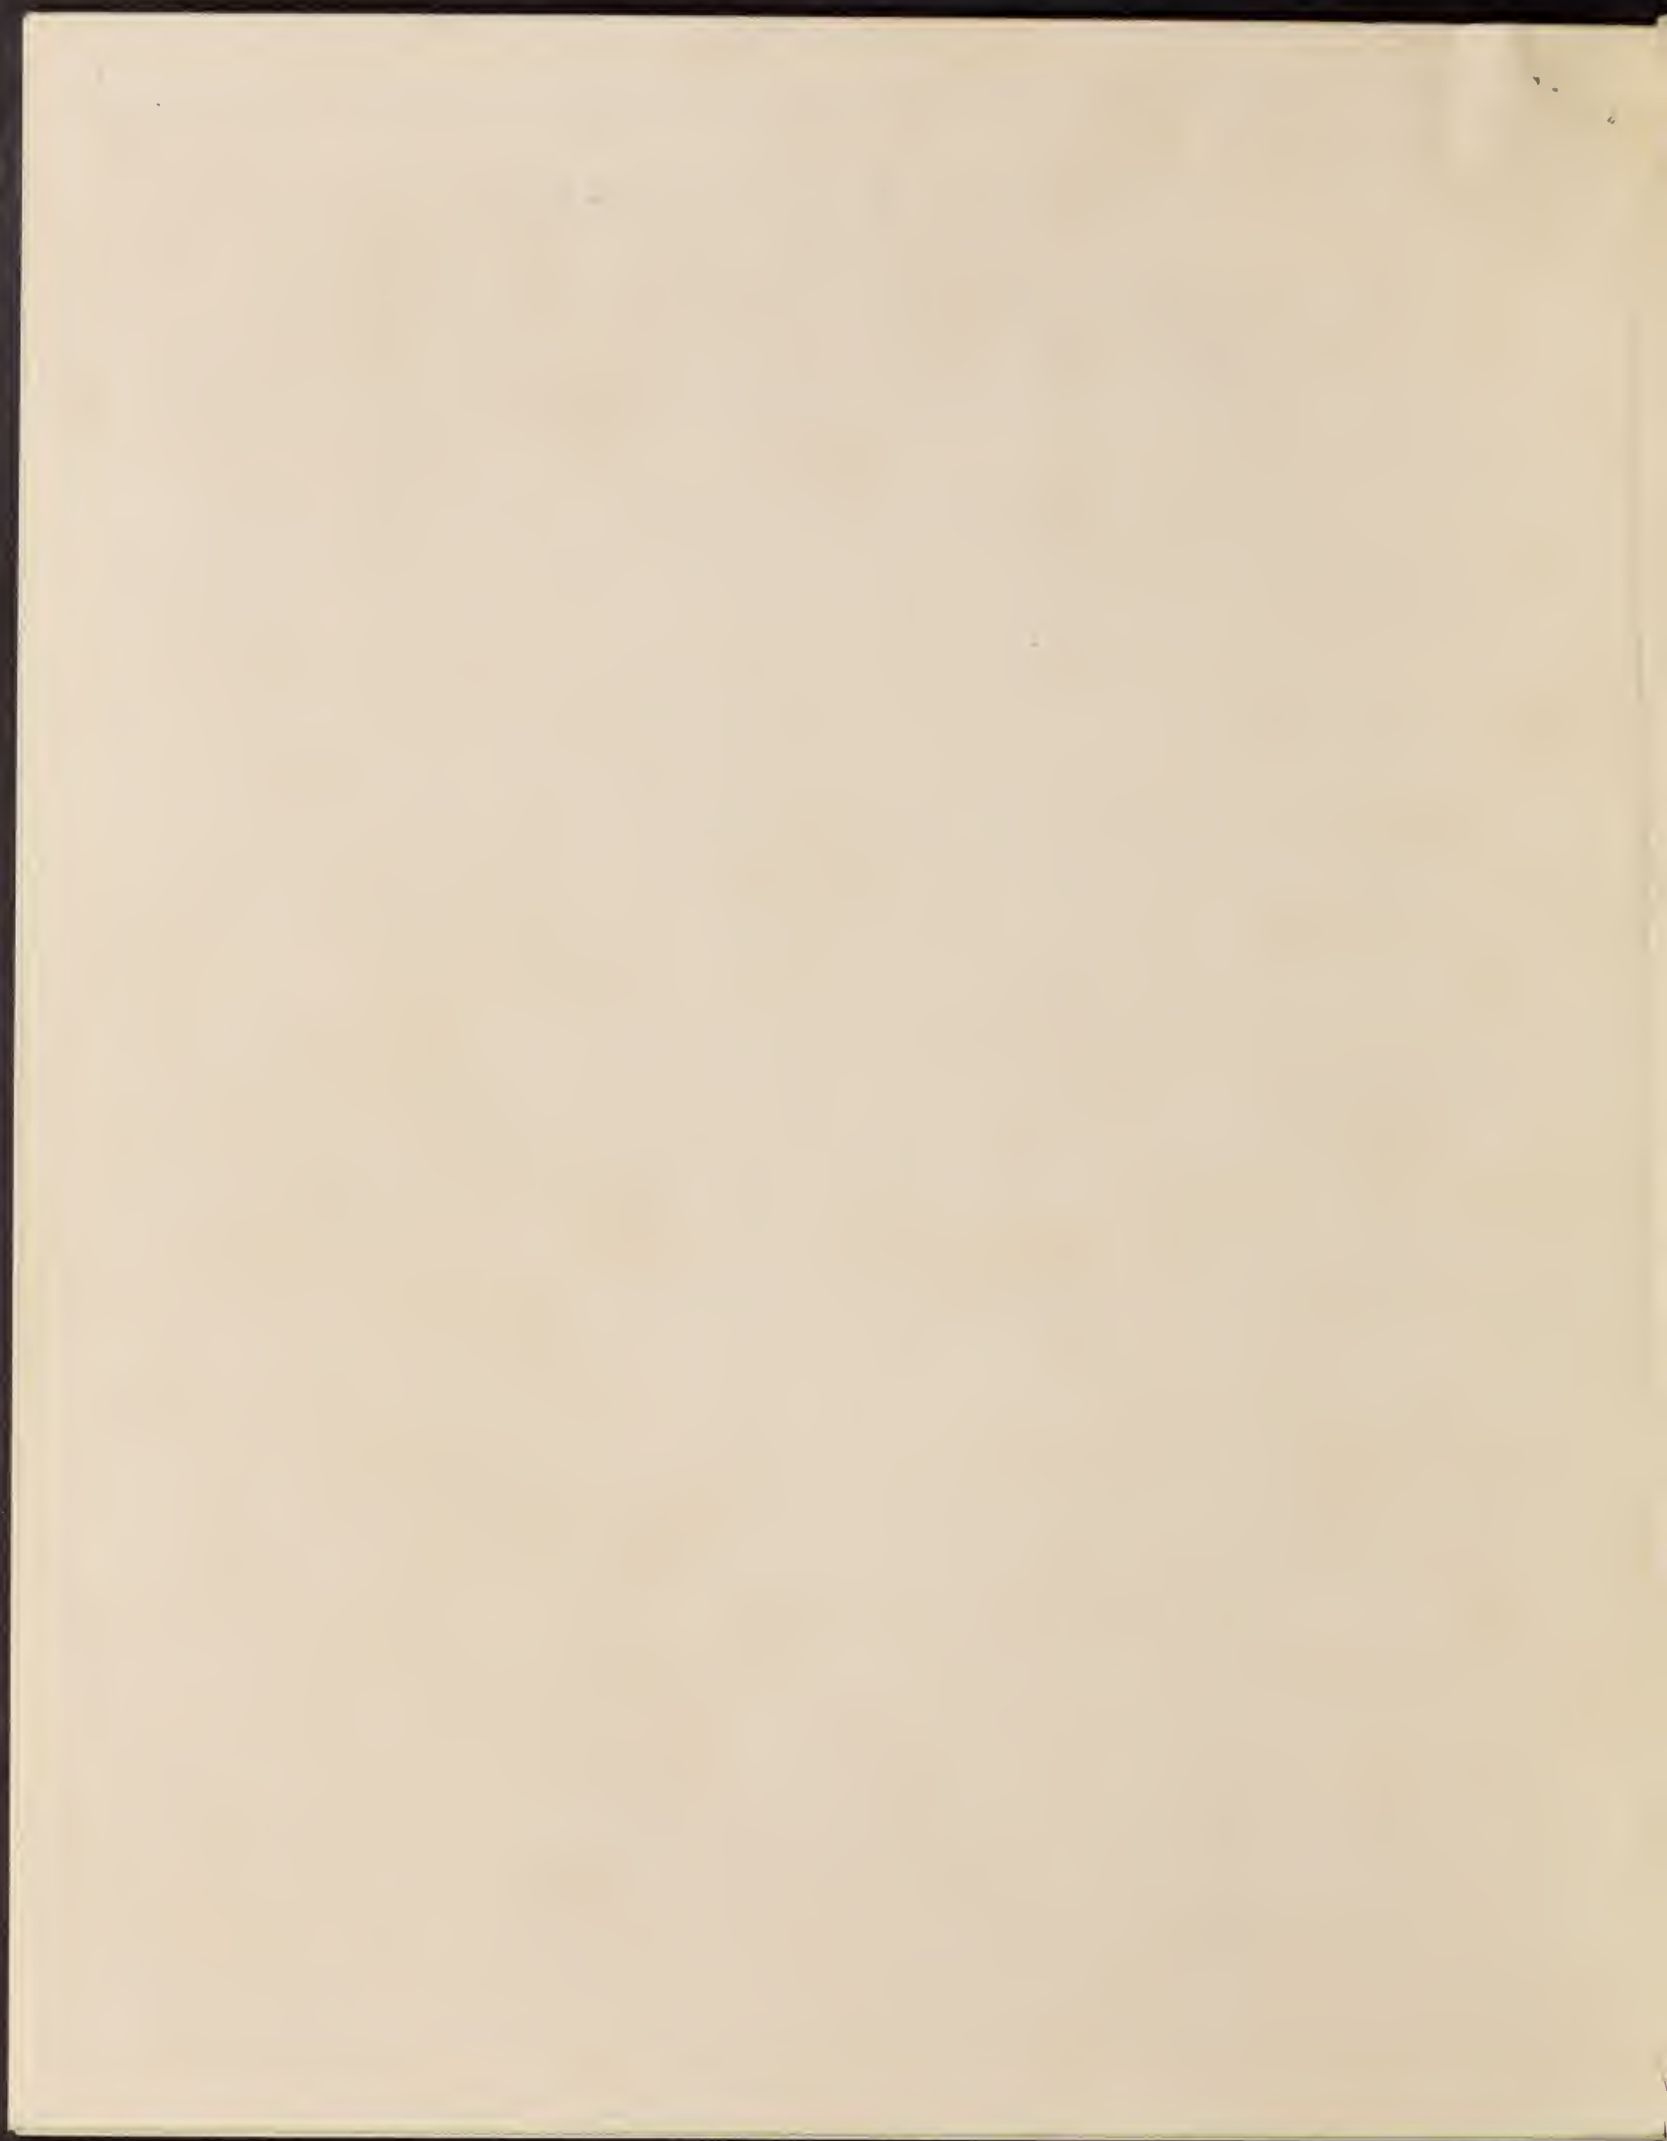

In 1760, Peter Switzer, in company with Philip Embury and Paul Heck, emigrated to the United States and settled in New York, August 10th, where the family remained for some years,....by Philip Embury, whose wife, Mary Switzer, was a sister of Peter Switzer. (Methodists).

In 1770, Peter Switzer moved ...to Salem, Washington county, N.Y., where Philip Embury died at ...forty-five. On the outbreak of the Revolutionary War these loyal Palatines, whose forefathers had enjoyed a refuge under the British flag, would not share the revolt... Some of them removed to Lower Canada. Peter Switzer and his family of three sons and five daughters remained in New York State for some years after the close of the War in 1783. His daughter, Mrs. Mary Empey, went over and brought them to Canada, and they resided with her ...in Ernestown. Peter Switzer and his wife lived to be over eighty years of age. They were buried in the Fourth Concession burying-ground in 1816...

Philip Switzer, Peter Switzer's eldest son, came to Canada soon after the close of the war and settled in the Township of Camden. John Switzer, his second son, settled in Loughborough, where their descendants still reside. Christopher, the youngest son, emigrated with his family of three sons and two daughters and settled in the Township of Ernesttown in 1807. On his farm the well-known Switzer's Church was built in 1826.....a popular exhorter and class-leader in the Methodist Church for many years.

(More on the descendants of Christopher.)

INTRODUCTION

The following is strictly an outline. It is intended to show family connections compiled to date for the first five generations of the Ruttan family in Canada.

In each situation the "best" evidence was used. Often the best is primary records, but often it is family hearsay. All reasonable assumptions were included as well as all factual data, to encourage research and hopefully corrections.

For more than seven years the writer has spent almost full time collecting Ruttan-Rutan information. This has included all the usual sources and several visits to Canada. In the event a full genealogy does not get written, this outline will perform a service.

All of today's Canadian Ruttans or U.S. Rutans appear to have descended from Abraham Rutan of Metz who came over in 1675. This includes Rattan (common in Canada in the early 1800's,) Reton, Rettan, and the like, including Rheutan which is used today. The Canadian branch is descended from three brothers, two of them Loyalist officers, who came from New Jersey after the Revolution. For the last 150 years the actual spelling by the family has been RUTTAN for Canada and RUTAN for the U.S.

The major debatable assumption was the assignment of Abraham #12 as son of Capt Peter #5. Further evidence would be most welcome. Capt Peter did have a son Abraham baptized at Paramus NJ in 1769. When Capt Peter divided his property among his children in March 1813 after the death of his wife, he included Abraham for 200 acres. Land was wealth, land was a living, and this is the most impressive evidence. Abraham named children Peter, Joseph and John, names common to Capt Peter's branch.

The alternative is to assign Abraham #12 to Jacob #9, brother of Capt Peter. One of Jacob's sons who came with him to Canada in 1786 is not yet identified. Jacob was not UEL, and his children could not get land as children of a UEL. While all of Capt Peter's other sons and daughters received land, no record has been found for Abraham. Abraham did not name a child Jacob as far as we know.

Thanks are due to Lillian M Ruttan #262 of Princeton IL, Larry G Ruttan, son of #415, of Glendale CA, Robert D Watt, great-grandson of #164, of Victoria BC and Major Gordon S Way, son of #351, of Ottawa for sharing their collections of family data. Most active and helpful at this time is Henry N Ruttan, son of #429, of Toronto who is searching for and compiling considerable data to fill out the Ruttan lines. He has already made up excellent "tree" charts which he is constantly updating. Mr & Mrs C L R Wanamaker of P.E. County who are active genealogists kindly provided copies of their Ruttan information, and found more. Mr H R Cantelon of Toronto of the Ontario Genealogical Society, Mrs Evelyn A McIntyre of Napanee and Mrs Lorna P Thompson of the P.E. County Historical Society, Picton, sent many notes and records.

The personnel of the Public Archives of Canada at Ottawa have been extremely gracious and helpful. Thanks are also due the many family members who have sent information in great detail regarding their families, or have put up with being interviewed at length.

J R M

(The writer is a great-grandson of #272. His wife's mother was born Rutan in Michigan, descended from Peter, son of Abraham of Metz.)

OTHER LOYALISTS

ABRAHAM RUTAN was a sergeant in the 3rd Battalion (previously the 4th) of NJ Volunteers, first on muster of November 1777. From January 1778 until he was taken prisoner at the fall of the fort at Paulus Hook (Jersey City) NJ on 19 aug 1779 he was in Capt Peter Rutan's (#5) Co. The muster of 25 jan 1783 lists him as "Return'd from Prison" and he last appears on the muster of 22 aug 1738. [PAC muster rolls indexed on Military "C" Series cards, microfilms of rolls available.]

NEW BRUNSWICK. Abraham received an assignment from the 14 jul 1784 Kingsclear grant (near Fredericton) of 38,540 acres to Col Isaac Allen of the 2nd NJ Volunteers and others. [LOYALISTS OF NEW BRUNSWICK, E C Wright 1955 pp.179,321] He is on the list of "Non commissioned Officers & Privates of the Late disbanded British American Corps" to receive two acres, dated 23 sep 1784. [PANB L-B11] On 10 aug 1787 he petitioned Gov Carlton for 200 acres in Kingsclear [PANB York Co Petn No 246] but he did not receive it [Land Surveys Office, Fredericton.]

(Could this be Abraham #4 bap 1739 whose Bergen Co will of 1815 mentions his Canadian brothers and sister? [Archives, NJ State Library, Trenton NJ Wills:3926B])

JOHN RATTAN of Bergen Co was a private of the 3rd NJ Volunteers in Lt Col Buskirk's Co beginning in 1777. This first muster also includes Samuel Rattan. John was also taken prisoner at Paulus Hook on 19 aug 1779. He remained a prisoner until the muster of 30 jun 1783 where the entry is "Prisoners of War. Baild Out of Gaol by ther parents cant Return until Bail money is paid." [PAC rolls]

NOTE: As refugees within the British lines at New York City are a John Rutan with wife and two children to be paid 30 pounds annually beginning 30 sep 1782. [PAC British Hdq Papers M359 Doc #6390]

NOTE: On 21 jul 1782 Johannes Retan m Jakkomeintje Brouwer, widow, at the NYC Ref Dutch Church. (This is where William #11 m Margaret Steel in June 1782.) [NY Gen & Biog Soc Collns 1890 v.1:250]

NOTE: A Court of Inquiry held 9 feb 1779 at Sussex NJ indicted 30 who "have offended against the form of allegiance to this state" including JOHN RATTAN and SAMUEL RATTAN. [NJ Archives 2nd Ser v.3:165 (Newspaper Extracts)]

NOVA SCOTIA. A John Rutan resided at New York from 15 jul 1783 until he embarked for Nova Scotia late in October. Before July 1784 he is on a muster as settled at Granville with a wife, two children under ten and two over ten. He is listed as "Loyalist" while others are listed as discharged soldiers. [PAC MG23 D4:89; PAC MG23 D1 Ser 1 v.24:38] His petition dated at Granville 13 jan 1786 says he "joined the Refugee Corps commanded by Major Thomas Ward, helped to build Fort DeLancey at Bergen and kept Guard and did military Duty with that Corps there." [PAC A.O.13 v.26:431-432] ("Delancy, Fort, N.Y... On Bergen Neck" [Hist Reg US Army, FB Heitman 1903 v.2:494] should read "N.J." Bergen Neck below Paulus Hook is the lower tip of today's Hudson Co, Bayonne. It was held by Loyalists throughout the Revolution and was the base of Col Buskirk's Jersey Volunteers.)

(John of Granville does not mention being in the 3rd NJ Volunteers. It appears we have two different Johns.)

SAMUEL RATTAN was a private in Lt Col Abraham Buskirk's Co of 4th NJ Volunteers (which later became the 3rd) in the muster of Nov 1777 which included John Rattan above. His entry is notated "Died Nov 11th 1777."

NOTE: See Court of Inquiry NOTE under JOHN above.

HENRY RATTAN is a private in Lt Col Pattinson's Co of the Prince of Wales American Regiment in the muster of apr-jun 1781. It was mustered at Charles-town SC with only one private present, sick in barracks. Henry is "On Command." A later muster of this Regt for feb-mar 1783 near New Utrecht NY (Brooklyn) shows Henry as one of 12 privates present in Capt Holland's Co. [PAC rolls] No further information.

DAVID RUTAN "who, at the peace, accompanied by his family of three persons, went from New York to Shelbourne, Nova Scotia where the Crown granted him one town lot." [LOYALISTS OF THE AMERICAN REVOLUTION, L Sabine 1864 v.II:574] The lot was K-11 in the St John's Division. [PAC MG9 Loyalist Land Grants, Bundle 38:32] In 1788 he shared in the Tuskent River development with 300 acres in his name. [PANS Land Grants: 19 may 1788 to Philip van Cortlandt, Nicholas Ogden et al] [PANS Publn No 4 LOYALISTS AND LAND SETTLEMENT IN NOVA SCOTIA, 1937 p.100] In Aug 1790 he sold both lots for 5 pounds. (The Shelbourne population was decreasing by 60% and he was lucky to get that.)

NOTE: David Rutan is mentioned as a member of a Tory "Highland gang" on the New York-New Jersey border. [REVOLUTIONARY WAR IN THE HACKENSACK VALLEY, A C Leiby 1962 pp.193,196]

(Could this be David #10 bap 1755, and also the David age 45+ of the 1800 Census of Hempstead Rockland Co NY just above the NJ border? David #10 was mentioned in his brother Abraham's 1815 will [NJ Wills:3926B])

WILLIAM and MARY RUTTON were on the ship CYRUS mustered aboard at New York 21 aug 1783 and discharged at St John, New Brunswick 19 sep 1783. [NB Hist Soc Collns No.V:277-279; also quoted in NY Gen & Biog Record oct 1908]

(Could this be William Ruttan #7 and Margaret Steel? They were ar Sorel by November.)

PANB = Public Archives of New Brunswick, Fredericton

PANS = Public Archives of Nova Scotia, Halifax

THEY AGREE— THE PLACE HAS NO ATMOSPHERE

By NANCY POOLE

Gordon Ruttan, a local personage, now a professional actor living in London, Ont., proved an inspiration to the Napanee District Secondary School Current Affairs Club Monday. For he, too, attended high school here (even different as it was then). So there's hope for us yet!

His dress, tailored pinstripe suit, shirt with satin collar and cuffs and wide blue and lilac tie, first drew us to him. Then his ease, flawless enunciation and his accent (pleasing combination of English and Canadian) in replying to our questions, further impressed us.

We asked him about his life, learning of his love of the spirit in live theatre, where an actor can act for the audience

GORDON RUTTAN
"The Old Mausoleum"

and see their reception. To him, film and, most especially, television, are necessary evils financially in an acting career.

We discussed theatre in Canada — its future. Mr. Ruttan feels the theatre's social aspect is over-emphasized — far better that people come in blue jeans and participate. To be successful in future he believes theatre must reflect its environment. Foreign plays mustn't always be brought in but Canadian ones, written and produced for presentation here. When asked if he would consider coming back and writing for local theatre he replied "sure" but for the financial problem.

Mr. Ruttan also touched on a topic which really hit home with us. He mentioned his fascination in the spaciousness, cleanliness, and convenience of our school. Yet, he too, perceived the lack of atmosphere as he put it: "it lacks the m of the old mausoleum."

Dear Dr. Barber,

In the Loyola Gazette I read of the wonderful work you have done as a historian and the papers you have given at the UEL association.

I am interested in the Reutter family. My great grand mother was Bathsheba, daughter of Daniel Reutter, who married Jeremiah Alley. I wonder if the Reutter family are mentioned in any of your papers?

We have the book by Cornelia Haight about the Haight family which ends with Reba Haight marrying Daniel Reutter.

x their daughter marrying General Alley,
and also a booklet of the Rulter
genealogy but we'd like to put the
family tree together with as much of
their story as we can, (Unfortunately
we have no pictures) for the
children in the family, and it seems
that the two papers of yours
"Early Settlement in Adolphustown"
and "The Loyalist Settlement in
Prince Edward County" would give us
the story of the group with whom the
Rultars came to Canada, even if
the Rultars are not specifically
mentioned. Is it possible to obtain
copies of these two papers?

If, off hand, you can mention
any books or papers where I could
find any information about the
early Rultars would you tell me x

perhaps I could find copies in
the Baldwin Room at the Central Library

I wrote to Mrs. Beck, the

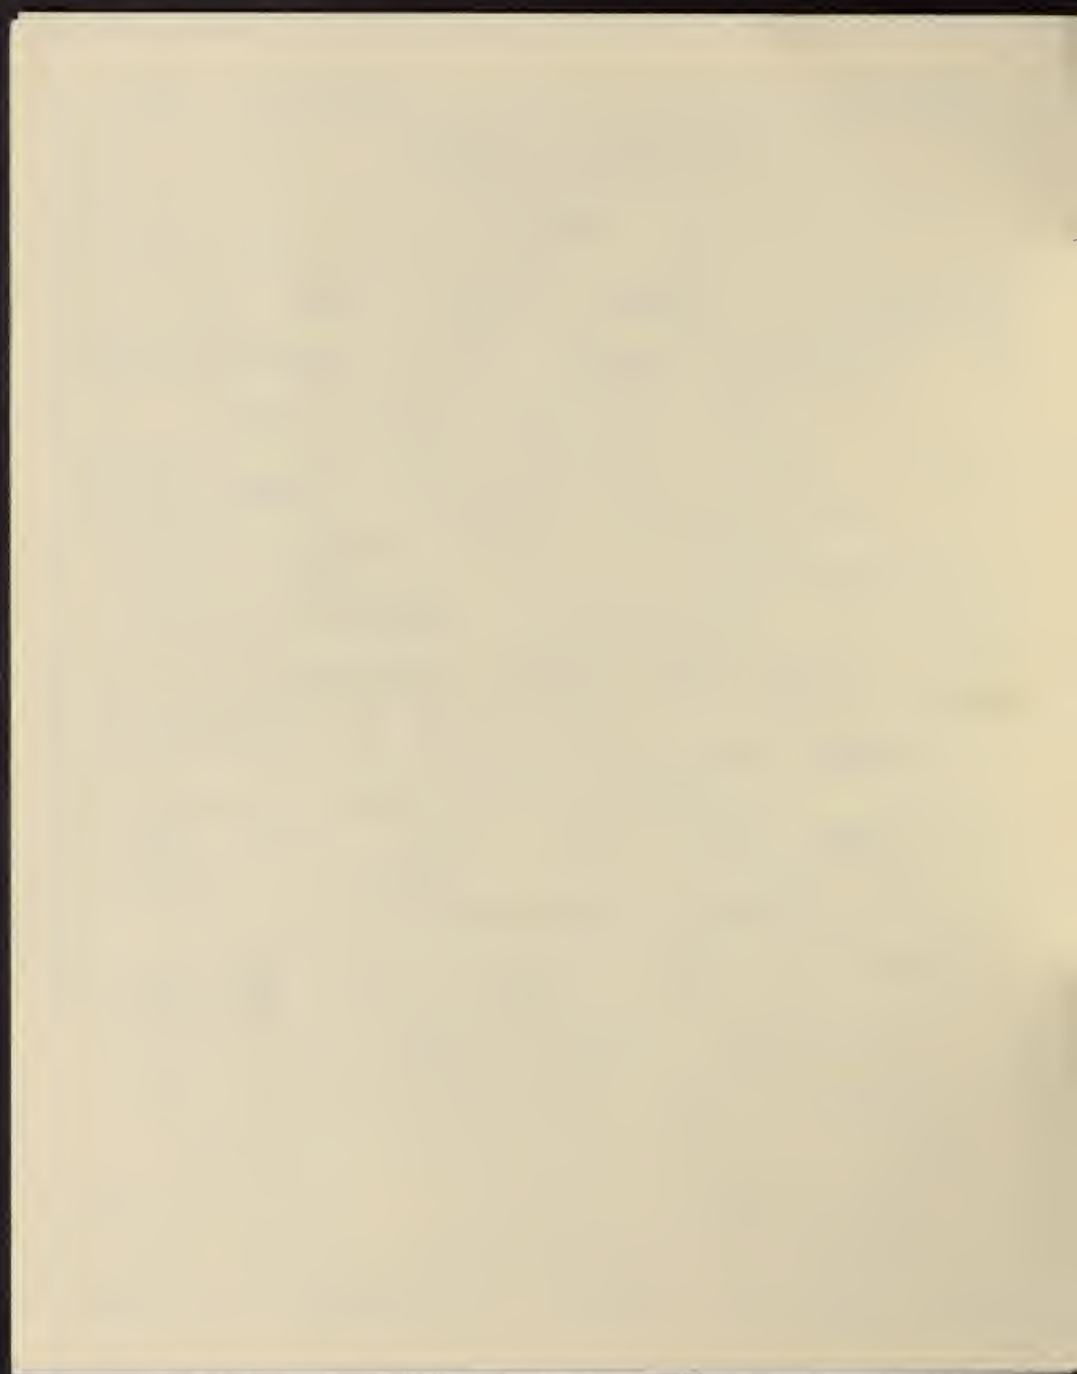

President of the Governor Simcoe Branch
to ask whether it is possible to get
copies of those two papers and
she sent me your address.

I would expect to pay for the copies.

I hope I do not impose upon you.

Yours sincerely

Dear Cousin Berleagh,

Thank you for your
interesting & delightful letter.

It is no wonder that the
titles of the papers you have
written seemed to be of interest
to us in the pursuit of Rulston
history!

My father knew General Charles Rulston
very well & I met him several
times. I think his sons were
Charles & Henry - no doubt this
is the Henry of whom you speak

193 Health Street is not far
from here so I will get a
taxi with him.

Thank you for recommending
"Pioneer Life on the Bay of Quinte" -
no doubt I will find it in the
Central Library.

Yours is a lovely & interesting
part of the country, although we do
not visit it often. My husband & I
did recently get as far as
Presqu'ile Point to watch the ducks
flying North.

My sister & I are just learning about
historical research and it is nice to
know that there is a real historian
in the family! It was kind of you
to answer so quickly. Thank you.

Yours very sincerely
Aileen Hawes!

Dear Dr. Burleigh:

25 April, 1977

My humble apologies for not having written to you long before this. The delay is not due to any lack of interest, on my part, in those disturbing problems that have arisen with regards to Loyalist cemeteries or family burying grounds in most of the early areas of settlement, but time has flown by before I realized it.

Did you ever hear from the Ombudsman in reply to your letter? I would be interested in what he may have said.

My wife and I have discussed the deplorable condition of some of the old cemeteries we have seen in our travels around the Adolphustown area and the only thought we could suggest is that perhaps a local group of interested people could apply to say Wintario, for funds to employ students during the summer to restore the run down places.

Another thought comes to mind and that is the possibility that there are laws dealing with the responsibility for maintaining the old cemeteries but that would need a lawyer to advise on that angle.

There was a news item the other day which mentioned that Walter Kenyon, associate curator for the Royal Ontario Museum had pleaded guilty to two charges of contravening the Ontario Cemeteries Act. The charges had to do with the removal of materials from an Indian burial ground. This, of course, has no bearing on the question of the neglected cemeteries we have in mind but perhaps there are regulations somewhere that might help.

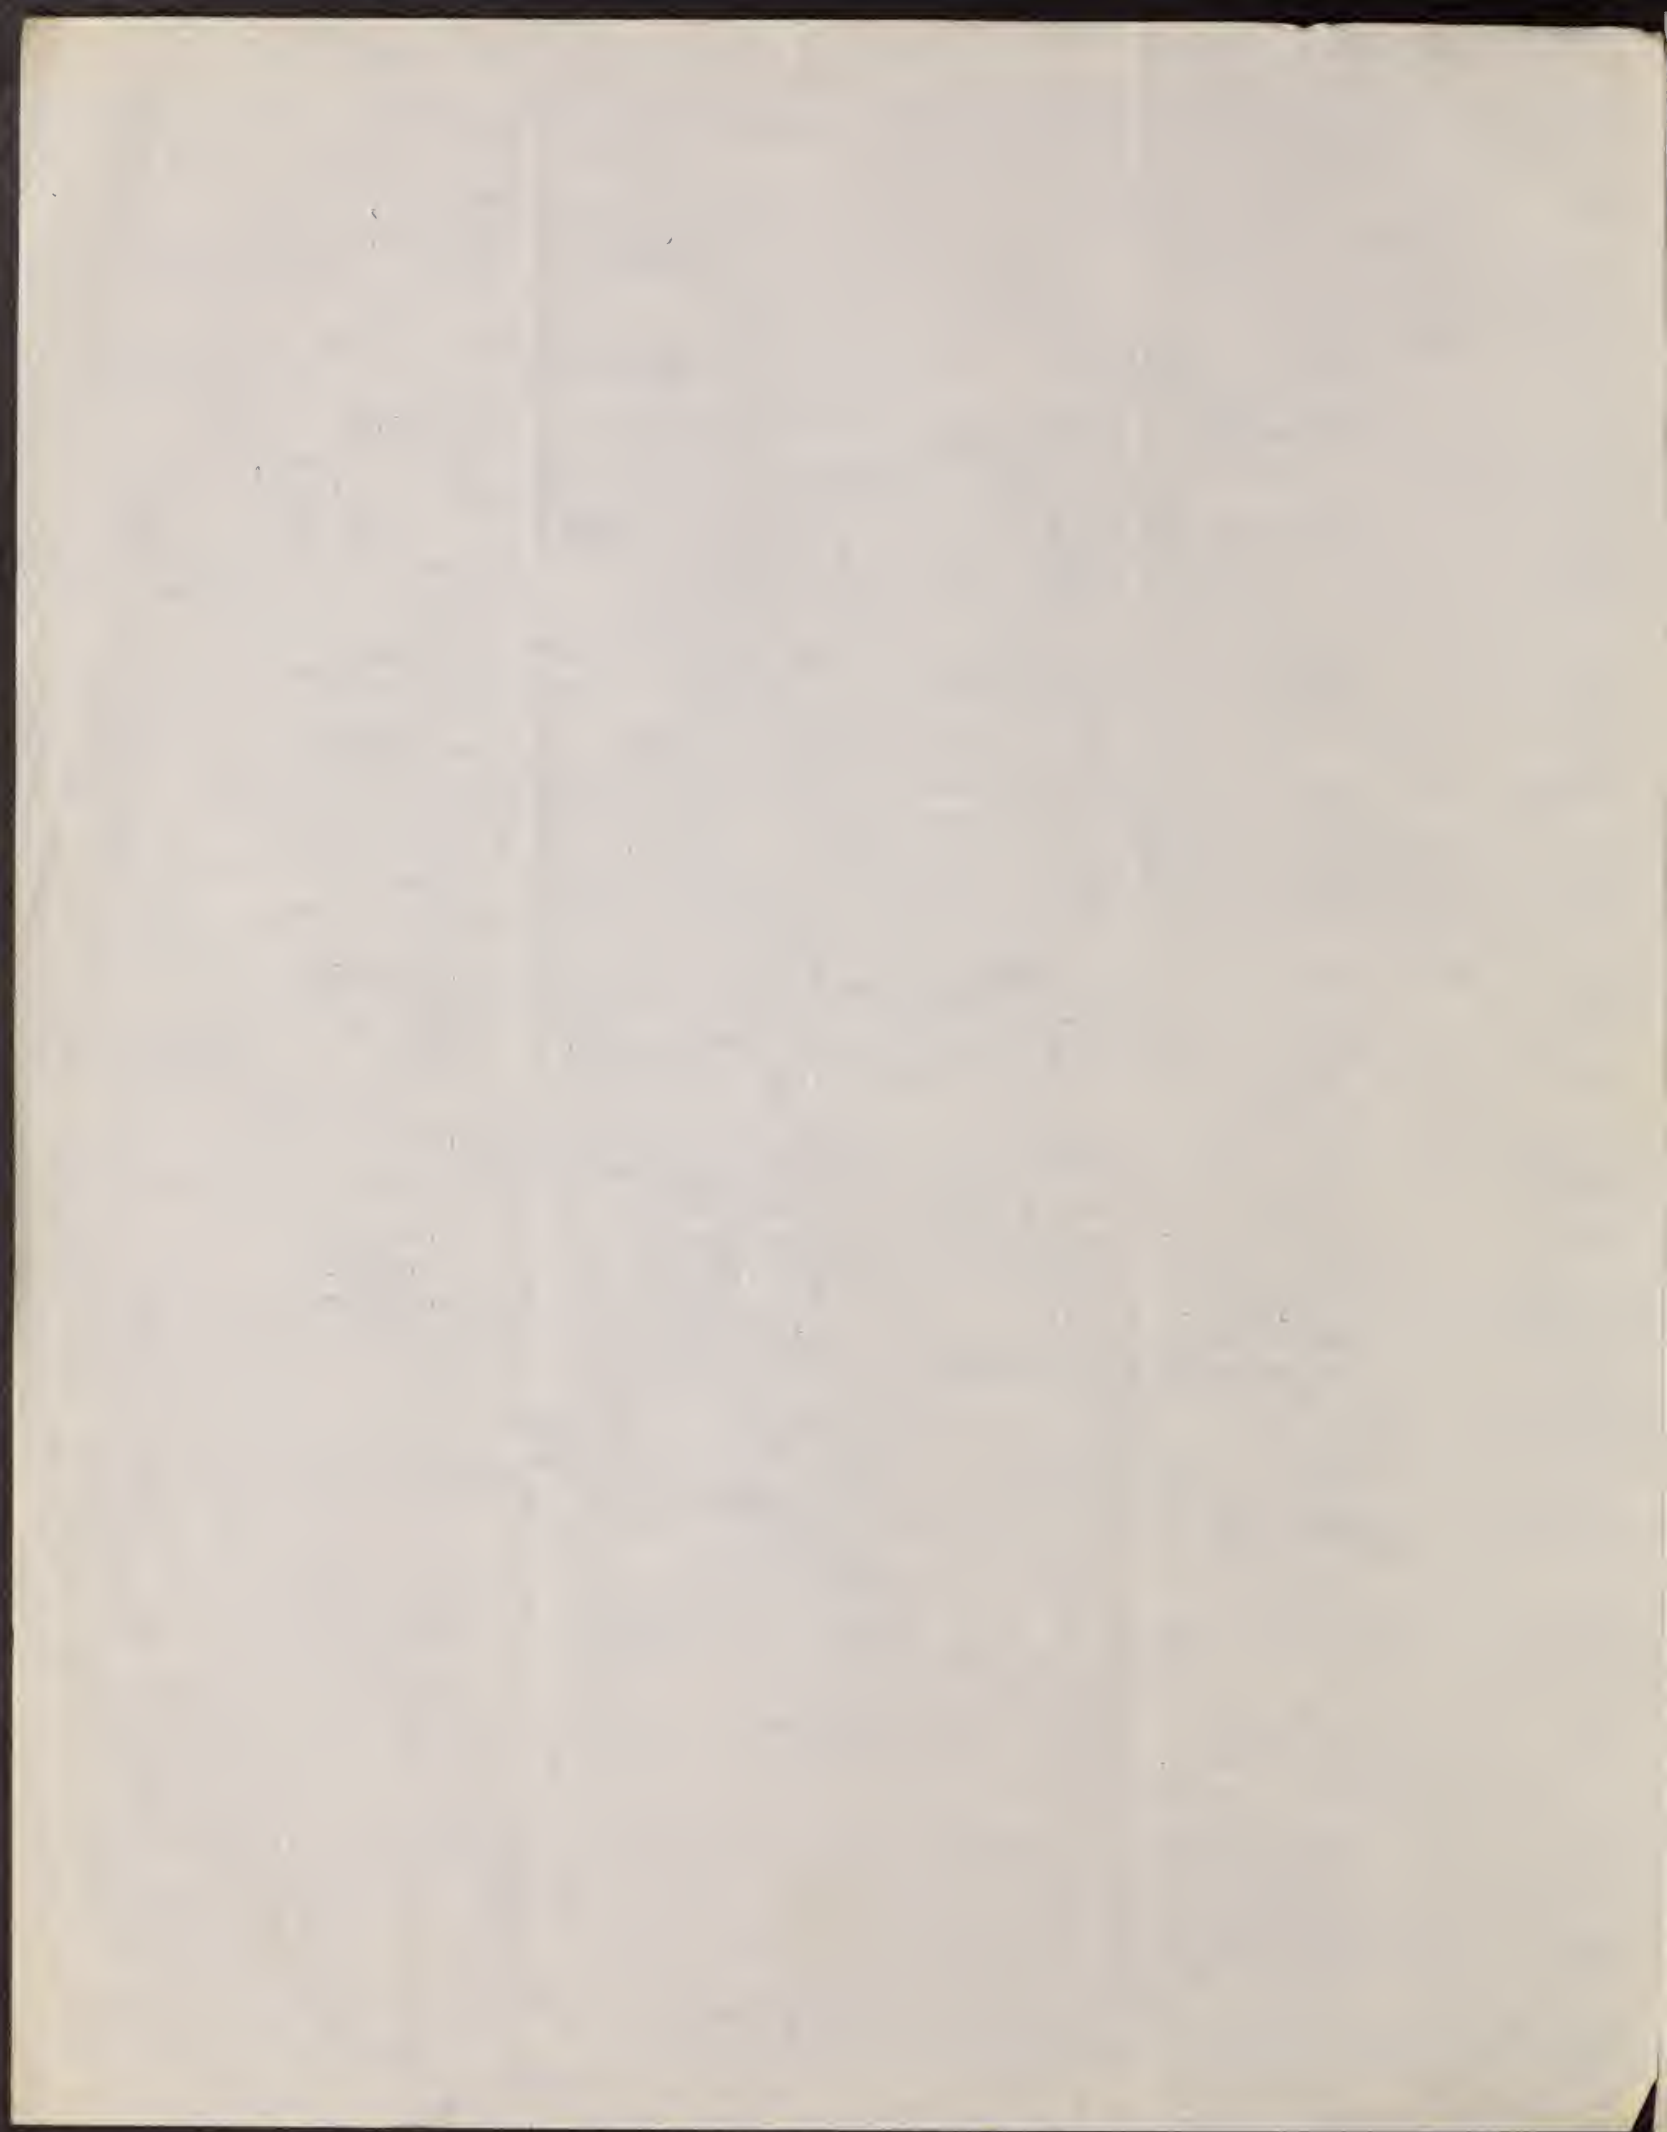

I am still digging into your papers and while I have been able to identify most of the Ruttans mentioned there are still quite a few yet to be tied in. They will probably fall into place in due course.

In your last letter you sent me five dates on which something happened to a Ruttan. Many thanks, such dates do usually give interesting items.

I think the one where Michael was found dead in bed must be Michael, son of Peter Jr. as the date is the same as the one I have for his death.

Mrs. Peter the older. We have so many Peters that I can't tie her in yet. Nor can I place the child David. I show such items as this when I can place them because it seems that they tell a bit of the family story.

Abram may be a son of Michael, mentioned above, but needs a bit more checking.

As you likely know, an Abraham with a wife Rachel is to be found in the 1851, 1861 and 1871 censuses. Unfortunately he is not yet placed. This date of the death of his wife may help to place him.

One question that I had meant to ask you has to do with your Ancestry of the Loyal Ruttans. In paragraph 2 of your Foreword you wrote "Those who disagree may wish to review the sources of my information and will find a list of these in the appendix." I did not find any such list in your papers and I wonder if it could be amongst the original notes you used in preparing the work. Such a list would be most useful if it is available.

So far as my special interest, the preparation and revision of my charts continue with little **respite**. Since last Fall over two hundred names that fit into the chart have come to light. These were the result of letters written to names found in various telephone directories.

This necessitates the complete re-typeing of the whole affair which is taking a great deal of time. I think the best way to handle the "next edition" is to set it up in the same form as the last and also to set it up so that it could be in book form on large sheets 14" X 18" which would give lots of room for notes etc. It would require about 35 pages which might be a trifle bulky.

In addition to the "new names" we still have at least 250 names in three groups as well as quite a number of single names or small groups that we have not yet been able to fit into the general picture.

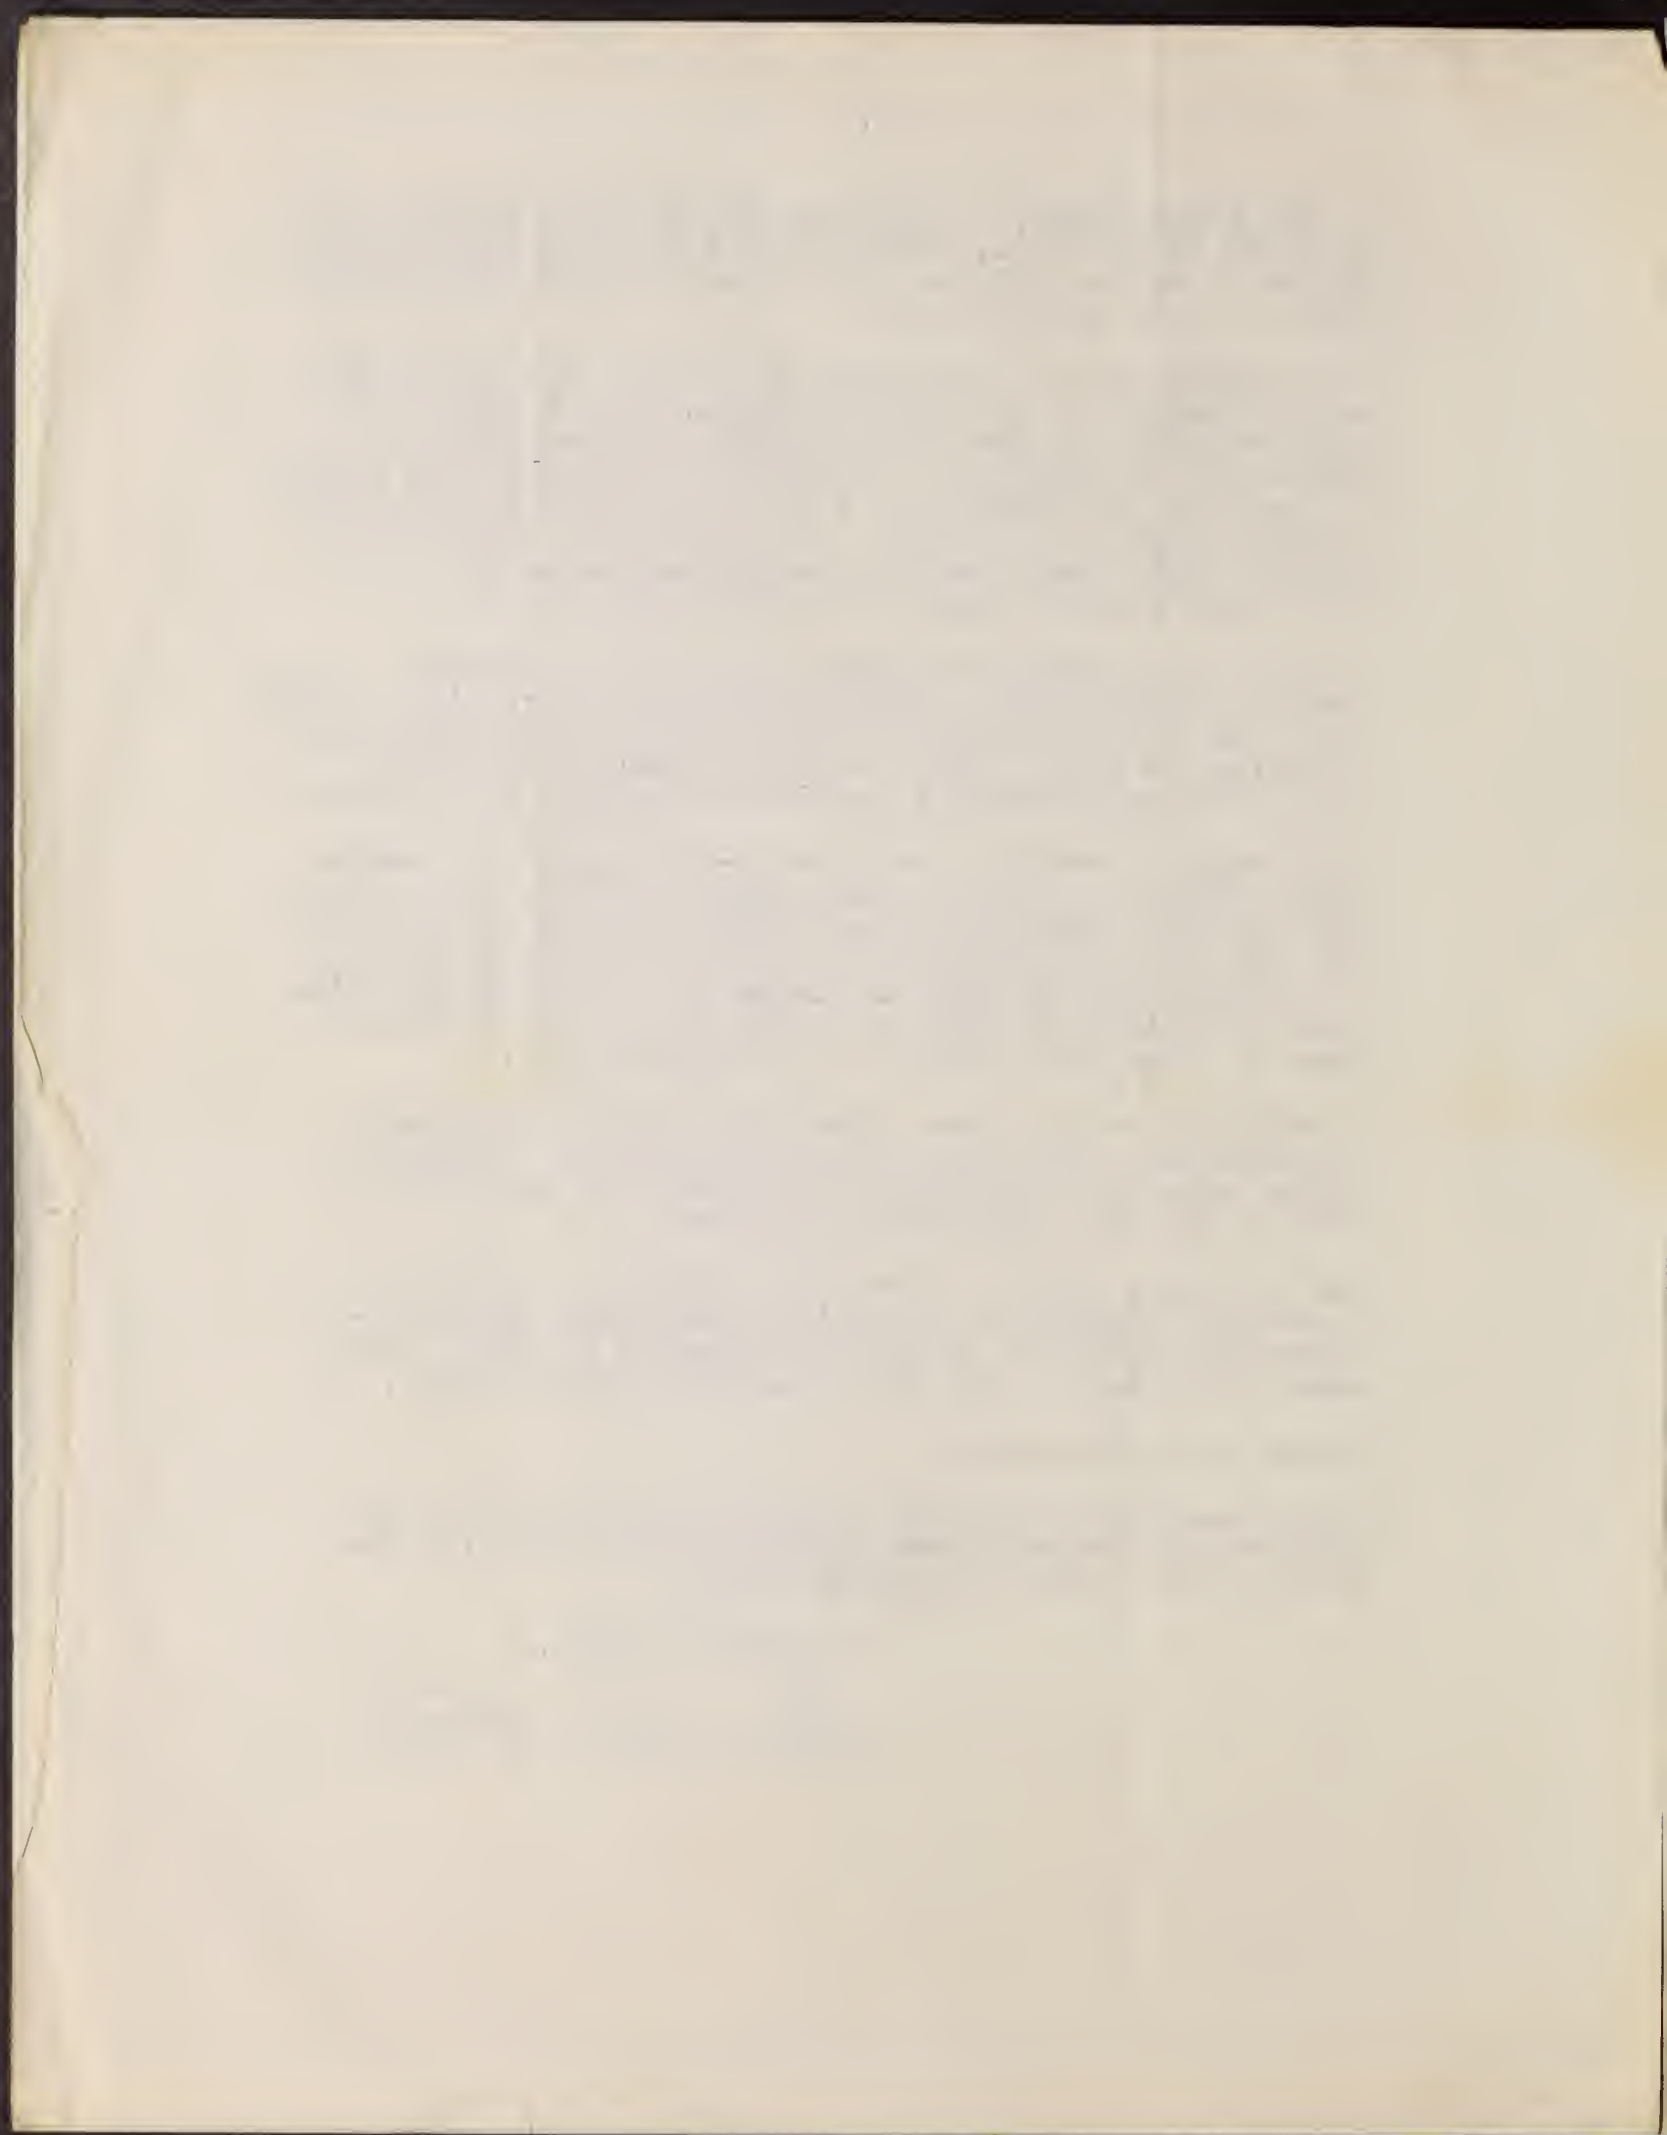

The numbering system I have been using is bursting out in several places and it won't be too long before re-numbering will have to be done. However I think I will leave that until a lot more names have been placed.

Enough of my problems.

Margot and I hope you got through the winter with no problems and we send best wishes to Mrs. Burleigh and yourself for a most enjoyable Summer.

Sincerely yours,

Denny Ruttan.

Dear Dr. Burleigh:

If you will forgive my error on page 2 of my LOUGHBOROUGH RUTTANS in saying your ancestor Elizabeth Ruttan was "(later Mathews)" instead of Van Norden, perhaps you will jot me a quick note as to whether there is a notation as to the reason for Peter Ruttan Jr.'s being expunged from the U.E.L. list.

I am in process of closely examining the OLD DUTCH CHURCH OF SLEEPY HOLLOW record book (Rev D. Cole, 1901.) It would appear that the Elisabeth Fauce bap. 2 Aug 1698 dau of Jan Fauce and Eva his wife, was the 2nd wife of Paulus. Their marriage record lists her as born in "Phillips Burgh". Paul had all sons by Angelica Davidse. The first dau was named Marytie (after Paul's mother?) and their 2nd dau was named Eva (bap 1724 Hackensack) (after Elizabeth's mother?) Eva is not a common name.

Sincerely,

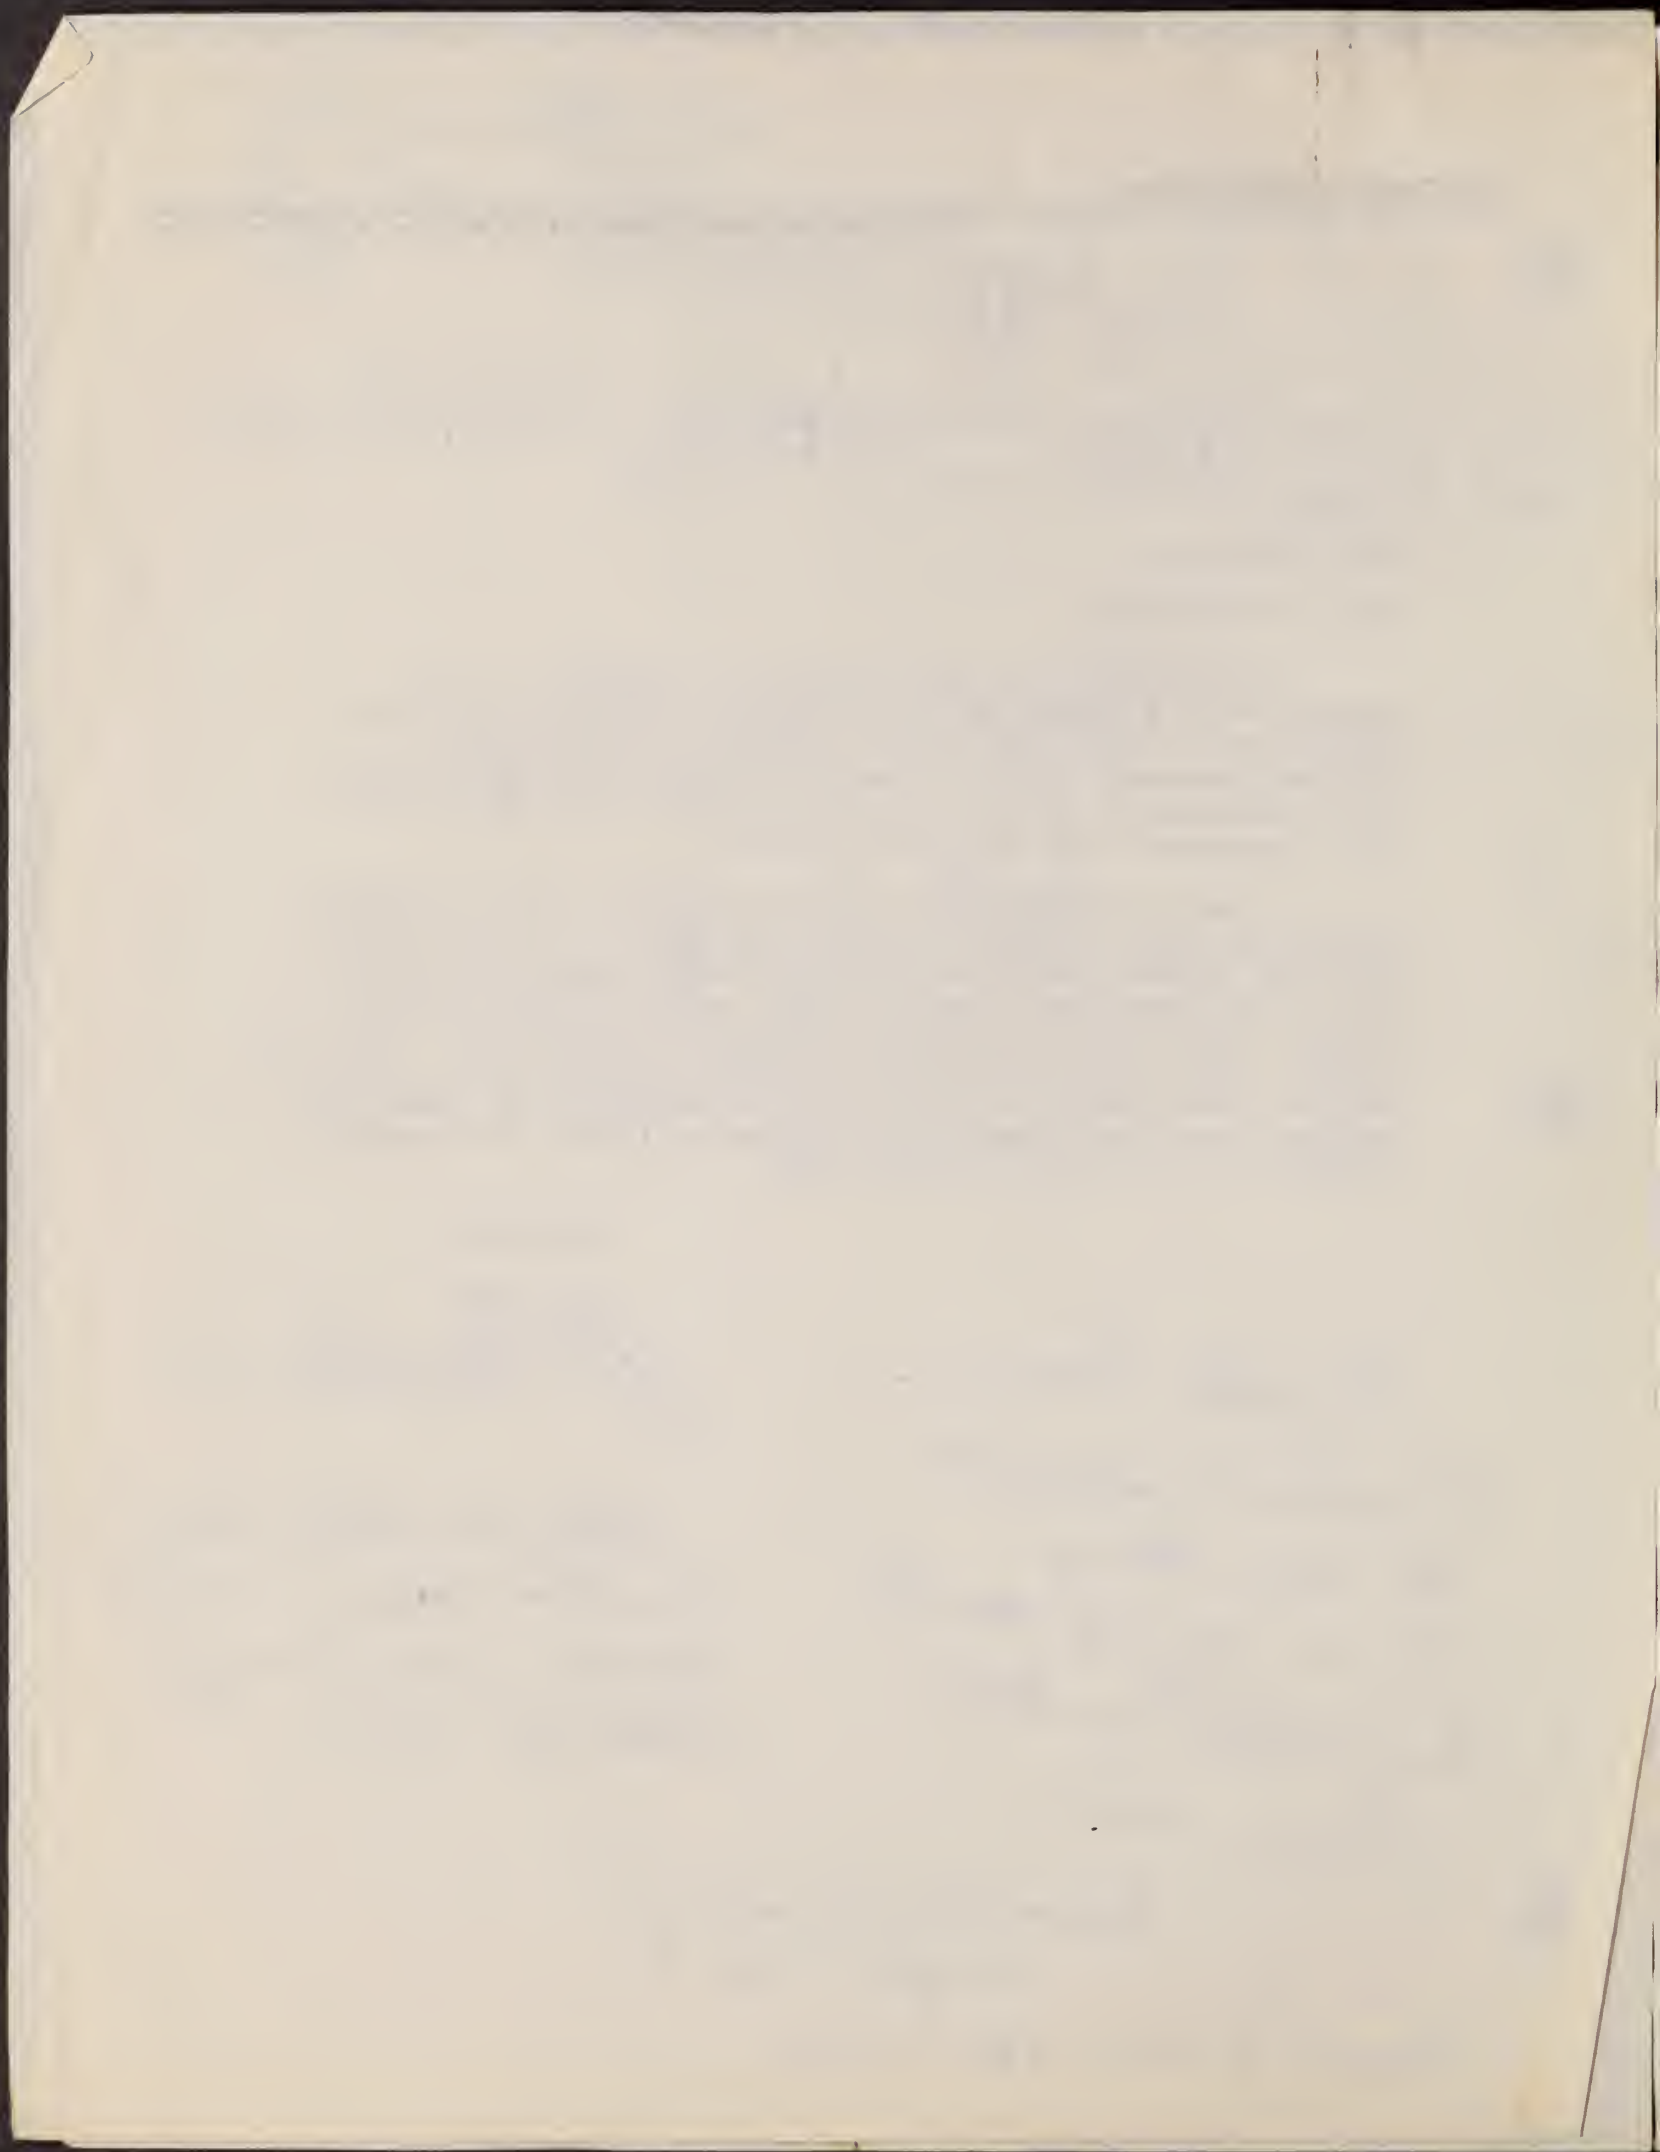

J. Meachem
